WETS SEEK VOTE FUND
NEW YORK, Nov. 22. (AP)—Plans for a \$3,000,000 fund to interest voters in national or state referenda, by appealing or changing the subject matter of the referendum, were outlined at a dinner to 297 persons at the Union League Club by Capt. William H. Stuyvesant, chairman of the National Committee for the Referendum.

BORAH SAYS WETS WANT INTOXICANT
NEW HAVEN (CT) Nov. 22. (AP)—It might be possible to modify the Volstead Act under the Constitution without giving an alcoholic content of intoxicating percentage, Senator Borah of Idaho told an audience that packed Woolsey Hall at Yale University tonight. But, he said, "Would this satisfy President Butler of Columbia University and other opponents of the Eighteenth Amendment?"

TAX CUT AID WIDENED
WASHINGTON, Nov. 22. (AP)—Over the protest of the solid Democratic membership, the House Ways and Means Committee today decided to make the proposed reduction in the tax rate of corporation incomes apply to payments due March 15, 1928. The vote was 13 to 10.

AVOC WHEN BOLT HITS
CHICAGO, Nov. 22. (AP)—More than a score of workmen were injured, several so seriously that it is little hope for recovery, when a brick factory building under construction collapsed during a storm after it was struck by lightning today. The men were buried in the mass of wreckage.

Major Loop Schedules Up for Drafting

CHICAGO, Nov. 28. (P)—Schedules for the 1928 major league baseball season will be drafted at a meeting starting in Pittsburgh Wednesday. After the schedule committee has finished the drafts, the tentative charts will be submitted at the joint meeting of the National and American Leagues in New York next month.

PHIL SCOTT STRETCHES OUT MUNN

Nebraska Scupper Forced to Drop King Near Finish of New York Bout

NEW YORK, Nov. 28. (P)—With only eight seconds of the bout to go, Phil Scott, heavyweight champion of England, knocked out Monte Munn, champion of Nebraska, in a ten-round match at the St. Nicholas arena here tonight. Scott weighed 165; Munn, 215.

ANOTHER "SHOT" OF THAT FAMOUS NOTRE DAME-TROJAN BATTLE

And it shows Mister Christy Flanagan with the No. 33 on his back after he had knifed between the Trojan right guard and right tackle for a good gain. It was on plays of this nature that the slippery Irish back piled up his big yardage at Chicago Saturday. Arrow points to James Hilde, the Trojan left tackle, who is standing on the line of scrimmage. The Irish directed their plays on the other side of the line from Hilde for the major part of the day, and it was scheming who came in for a pounding. (P. A. photo)

JONES PLANS STRENUOUS WORK FOR HUSKY BATTLE

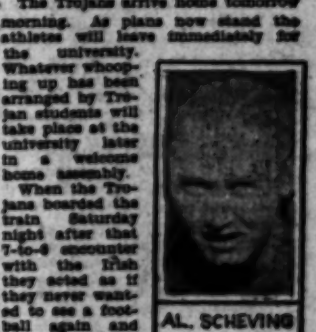

Trojans Regain Lost Pep After Hard Notre Dame Tilt; Hoff May Take Scheving's Place at Tackle

BY BRAVEN DYER
"Times" Staff Correspondent
WINSLOW (Ariz.) Nov. 28. (Exclusive)—Howard Jones' much-traveled Trojans will take a leaf from Stanford's book when they go up against the University of Washington eleven in the Coliseum Saturday. Knowing the strength of Washington's mammoth line, Jones has instructed Capt. Morley Drury to shoot the works, holding nothing back, inasmuch as this is the last game of the 1927 schedule.

SPARTANS TO TACKLE BULLDOGS

Huntington Park Will be Scene of Play-off Clash Next Friday

Coach Verne Landreth's Huntington Park Spartans, champions of the Bay League, will have the advantage of playing on their home gridiron next Friday when they meet the Pasadena Bulldogs in one of the two Southern California championship play-off games scheduled for the week-end.

AL SCHEVING
This morning when the trials rolled into Culver, K. M., immediately brought out a football and immediately the boys regained all their ginger. There was no concerted protest of any kind, but the Trojans showed real interest in the play-off and by Saturday they ought to be ready to put on a hot victory for the Huskies.

RABBIT PUNCHES

by PAUL LOWERY

OLD CHAMP PICKENS is back on Los Angeles soil with word that the all-southern team which is to play on all-star night at the Coliseum Christmas Day will be a spellbinder. He came here directly after seeing the Georgia-Alabama game on Turkey Day, and he says seven captains of teams in the south will be on the scene which is to be coached by Wade of Alabama. McGilguy of Vanderbilt and Alexander of Georgia Tech.

HIGH SCORING SETS MARK

Return of Pass as Powerful Offensive Weapon Produces Bumper Crop of Touchdowns

BY ALAN J. GOULD
Associated Press Sports Editor
NEW YORK, Nov. 28. (P)—The 1927 college football season has produced a bumper crop of touchdowns, one of the greatest on record, as the forward pass has come back into its own as a scoring weapon.

RUETHER AND SHAWKEY RELEASED BY YANKEES

NEW YORK, Nov. 28. (P)—Walter "Deutch" Ruether and Robert J. Shawkey, veteran pitchers of the New York Yankees, were unconditionally released today.

HUGE TURNOUT OF FANS SEE CHICAGO GAME FILM

The moving pictures of the Trojan-Notre Dame football game at Chicago Saturday were shown at the Shrine Auditorium for the first time last night, but so far as shedding any light on the disputed forward-pass play in the third quarter they are a total loss.

UMPIRE EVANS SELECTED TO GOVERN CLEVELAND AFFAIRS

CLEVELAND (O.) Nov. 28. (P)—Selection of Billy Evans, American League umpire, as general manager of the Cleveland baseball club, was announced tonight by President Alva Bradley.

LOMSKI WHIPS MARULLO

PHILADELPHIA, Nov. 28. (P)—Outpointing his opponent in every round, Leo Lomski, Aberdeen, Wash., tonight easily won the judges' decision in a ten-round bout with Tony (Young) Marullo, New Orleans, as the arena.

Poly and L.A. High Tied in Number of "Big Game" Grid Victories

WALS TANGLE NEXT THURSDAY
on Coliseum Grid

Results Show Schools Evenly Matched

High Has One-Point in Twelve-Year Span

BY BOB BAY

Following into the results of the L.A. High football tangle, which was the last year's championship game, the two schools are evenly matched. The L.A. High team, which has won 12 of the last 13 years, is the only team to have won the championship in the last 12 years. The Poly team, which has won 11 of the last 13 years, is the only team to have won the championship in the last 11 years.

These two prep rivals met on the Coliseum grid last night in the championship game of the L.A. High football league. The game was a close one, with the L.A. High team leading 14-13 at the end of the third quarter. In the fourth quarter, the Poly team scored a touchdown, but the L.A. High team scored a field goal to win the game 17-14.

The game was a close one, with the L.A. High team leading 14-13 at the end of the third quarter. In the fourth quarter, the Poly team scored a touchdown, but the L.A. High team scored a field goal to win the game 17-14.

WHERE STARS GROW

BY FRO-MURRAY

Copyright, 1927, by Associated Press

Who was Notre Dame's greatest ball-carrier? Why is it that such a small university can produce so many star football men, and so many winning football teams year after year?

"Here to the line," you may say, "let the clips fall where they may." But, in this back-field story from Notre Dame, at least one can stand all the publicity they can get, since the late Walter Camp "chose" to honor only two of them in thirty-six years with positions on his first all-American team.

It was the playing of "Red" Miller that first attracted the eye of the "Father of American Football" to the Hoosier school as the best in the country. Miller did not play in the first game, but he did play in the second game, and he was chosen all-American full-back, could do everything on the football field well, and ranked only a shade below Jim Thorpe as the perfect player.

Charles Dornan, who, with Miller, put the forward pass on the map, was a perfect field general as well as a great all-around player. "The Four Horsemen" were great because their styles blended perfectly; they were an ideal combination on the field. Christy Flanagan, the flashy halfback of 1925, 1926 and 1927, is possibly the greatest Irish ball-carrier since the "Four Horsemen," and he owes his success to speed, his brain, and the help of ten well-coached teammates.

In a recent issue of a weekly magazine, Coach Broderick explained that Notre Dame is a-

ways rich in football material, and that, being an isolated boarding-school, there are no outside distractions for the boys at there are at large and more centrally located institutions. Intramural games and intense rivalry between the twelve halls is a great help in developing players, and the coach can pick his team from a squad of about 500.

OFFICIALS TO SETTLE GRID DATES

Football Schedules for Big Ten to be Completed at Annual Meeting

CHICAGO, Nov. 28. (P)—Football schedules for 1928 will be completed when athletic directors and coaches of the Western Conference hold their annual meeting here Friday and Saturday to fill in their open dates.

The conference games already have been agreed on, with Illinois, 1927 champion, drawing five Big Ten opponents, and the "Thundering Herd" from Minnesota, runner-up to Illinois, pulling out of the bag more than any other Big Ten team. The dates for warm-up games and other opposition from nonconference opponents remain to be decided by some of the teams.

Illinois' Dave Indiana, Northwestern, Michigan, Chicago and Ohio State for the 1928 campaign, while Minnesota, in addition to meeting Indiana, Purdue, Iowa and Wisconsin, will take on Chicago and Northwestern next fall.

The lateral pass has not met with ball program, changes in the gridiron rules will be discussed and dates for football and other sports will be set.

The lateral pass has not met with popular favor and the Big Ten committee to restrict the rule governing this play.

EVANS LANDS IN NEW POSITION

(Continued from First Page)

will consider without delay on the matter of selecting a candidate. The president said he purposely withheld any negotiations in order to obtain Evans' advice.

William George Evans, whom the baseball world knows as "Bully" Evans, virtually was chased by a mob of fans, twenty years ago into a berth as an American League umpire. He had rendered an unpopular decision in a game between Youngstown and Niles and was in danger of falling into the hands of an angry crowd when Charles Crown, Niles manager, snatched him away. Jim McAllister, manager of the St. Louis Browns, was at that game doing some scouting. He was impressed with Evans' ability as an umpire and recommended him to B. B. Johnson, for appointment as an umpire on the American League.

Before he became an umpire Evans was a sports writer for the Youngstown Vindicator.

In addition to being general manager, Evans will head the title of vice-president of the club.

REDLANDS HIGH GRID STAR GETS NEW HONORS

REDLANDS, Nov. 28.—Jack Beeson, football star for Redlands High, also student-body manager, was chosen the president of the state boys conference of Southern California. John Talbot, of Hollywood, is vice-president; Wesley Foster of Los Angeles, secretary; William Gray of Glendale, treasurer, and Frank Albers of Hollywood, publicity leader.

PETE SAUER TO TRY NEW HOLD IN LONDOS MAT GO

Pete Sauer, the local mat sensation and considered the best young prospect for the heavyweight title since his victory over Paul Jones of Texas here last week, announced last night that he had perfected a new hold which he will use for the first time when he clashes with Jim London, Greek mat star, at the Olympic, December 7.

It is the same hold that Sauer had intended to use against the Texan, but when the local boy found that he could beat Jones with reverse headlocks, he decided to use the new grip against tougher opposition.

Sauer refused to give out few details about his new grip at this time. He declared he would keep the hold under cover for the next few days in order to keep London from working out a way to get out of it. London will probably send one of his henchmen to watch Sauer train at the Health and Strength Gymnasium, Twelfth and Olive streets, soon after his arrival, in order to get a line on the hold. Before London gets here, however, Sauer hopes to work out a perfect lock for the grip that will be as unbreakable as Jones' hook seconds proved for such a long time.

According to Sauer, his new hold will be easier to apply than Jones' pet hold, and he can get it as often as he gets a reverse headlock. He declared the headlock was the first step in the new hold, and the opponent would fall naturally in the "jack-knife" or "cradle," as he intends to call the back-snapper.

Trojans Make Fastest Trip

Making the fastest run any football team ever took across the country, the Southern California eleven, which lost to Notre Dame by a single point at Chicago Saturday, will arrive at the Santa Fe station at 9:45 this morning.

The trip will take the Trojans sixty hours from the time they left Chicago Saturday night, three hours faster than the de luxe limiteds make the scheduled trip between here and the Windy City.

The boys traveled east by the Southern Pacific, and returned by the Santa Fe. They will be met at the station this morning by a large group of enthusiastic Trojan undergrads.

DRILLERS TO BATTLE VISALIA SATURDAY

BAKERFIELD, Nov. 28. (P)—Drillers of Bakerfield will play Visalia High School here Saturday for the San Joaquin Valley title. Principal M. A. Sprad of the high school announced today. Visalia's 20-to-6 victory over Merced gives it the right to play the Drillers, who gave Fresno High a 40-to-7 drubbing here Saturday.

DRILLERS WERE FUELED
BAKERFIELD, Nov. 28. (P)—The Drillers' football team encountered something new here Saturday when Fresno used the Stanford system of attack and it puzzled the Drillers for a while. However, the powerful charging line of the local team, after it got going, smothered play after play.

Tweeds and Bannockburns For Informal Clothes

From Scotland and Ireland come tweeds and Bannockburns
The simplicity and sturdiness of their texture, and their resistance to wear, have established them permanently as the ideal cloth for informal clothes—clothes that look good... well put together and attractive without being fastidious or overdressed.

We have a great range of tweeds and Bannockburns

FOUR NAMED TO WEAR RED HAT

All New Cardinals Will be Other Than Italian

Pope's Action Seen as Move in "Roman Question"

Archbishop of Quebec One of Those Selected

ROME, Nov. 28. (AP)—The prospective creation of four non-Italian cardinals, announced today, shows the intention of Pope Pius to give prominence to foreign elements in the Sacred College, perhaps in view of the further developments of the "Roman question," as the conflict between the church and the Italian state is called.

The four new cardinals will be: Mgr. Raymond K. M. Rouleau, archbishop of Quebec; Mgr. Pedro Segura y Saez, archbishop of Toledo; Mgr. Charles Joseph Dineen, archbishop of Boston; and Mgr. Alessio Lepetit, titular bishop of Tarsus, who will replace Cardinal Billot as French cardinal of the Curia.

Coming to a mistake which occurred during the announcement of a new archbishop of Toledo in Osservatore Romano, the determination of the pope, was made in the first announcement of the previous day to receive the red hat. The original announcement was that Mgr. Saez, Marquis Y. Nunez would be the new Spanish cardinal. He, however, is transferred to Toledo at the same consistory which is to create the cardinals.

The new appointments also are noteworthy in that the two new French cardinals are known to be opposed to L'Action Francaise. The French Royalist paper which recently was placed on the index expurgatoire of the Vatican, and is both strong supporters of the papacy and of the political activities and their appointment is taken to show the determination of the pope to further emphasize the attitude he has adopted toward the papacy.

The "Roman question" recently was revived by the Osservatore Romano, with the suggestion that it might be possible to solve the problem of the granting of a strip of land to the Vatican so that the pope might have access to the sea without touching Italian soil.

The proposal was answered by Il Golfo D'Orlando, official Fascist organ, which took the position that this solution, often suggested before, is out of the question.

SHIP BRINGS NEW ENVOY OF TURKEY

Ambassador Lands Under Police Protection, Fearing Death at Hands of Foe

Month Tenth Anniversary of Hard-Won Liberty

Palestine Surveys Decade of Independence

Church Heads Find Country Awake to New Life

NEW YORK, Nov. 28. (AP)—Moukhtar Bey, newly appointed Turkish Ambassador to the United States, was landed from the United States liner Leviathan under heavy police guard today and went at once to the Pennsylvania station, where he boarded a train for Washington.

The Ambassador, who was accompanied by a representative of the Quarantine, a representative of the State Department and attaches of the Turkish Embassy in Washington, who went down the way in a revenue cutter. The Ambassador departed the cutter and was landed at the Battery, where only a small number of Turkish soldiers accompanied him.

Twelve armored police motorcycles escorted his automobile to the railroad station.

BRITAIN AND RUSSIA MAY FORM TRUCE

Geneva Meeting Looked Upon as Indication That Relations May be Resumed

(Reuters, 1927, to the Chicago Tribune.) LONDON, Nov. 28. (Reuters)—The meeting between the British and Russian at the Geneva disarmament conference of the League of Nations this week may lead to an early resumption of relations between the two countries.

The recent reply by Commissioner Rytov to Prime Minister Baldwin's investigation to resume relations if the Russians pledge themselves to cease their anti-British propaganda in China, Persia, Afghanistan and other fringes of civilization, has been regarded as a step toward the reconciliation, though it does not go far enough, as it is offered only as a mutual pledge to drop the propaganda in each other's country.

Church Heads Find Country Awake to New Life

JERUSALEM, Nov. 28. (AP)—The Holy Land is celebrating the tenth anniversary of its freedom from the yoke of Mohammedan rule.

It was just a decade ago in November that Lord Balfour, noted British statesman, quickly followed the smoldering embers in Palestine of the "Balfour Declaration" which cut off Moslem rule for the first time in centuries, the land in which Jesus Christ lived and was crucified.

Palestine has awakened to a new life, according to church leaders.

CHRISTIANS AND JEWS

Jews and Christians are dwelling side by side in complete harmony, mutually thankful for the ten years of relief from oppression of the Moslem. The Christians come from the far ends of the earth to worship at the shrine of the founder of Christianity, while the Jews come to the land of their fathers, to which peace and safety have come more returned under the guardianship of the British mandate.

Immediately after the war Palestine had a Jewish population of 75,000, including repatriated families. The whole country had suffered. A large part of the population had fled from the Turk. Those who stayed behind suffered from starvation and agriculture was practically ruined.

Today there is a Jewish population of 180,000. Some \$50,000,000 has been invested in Palestine, mostly by Jews.

SANITARY ACCOMPLISHMENTS

POLICE DARE FANATIC MOB TO BALK HINDU WOMAN'S SUTTEE

LONDON, Nov. 28. (AP)—After suffering intense agony in the flames of her husband's funeral pyre in an attempt to perform the ancient rite of the suttee, a Hindu woman was rescued by the police, a dispatch to the Daily Mail from Allahabad, India, says.

The police experienced difficulty in rescuing the woman because of a hostile Hindu mob.

On learning of the widow's intention, 2,000 Hindus gathered around the funeral pyre on the banks of the Ganges. They cheered as she mounted the pyre and took her husband's body in her arms. The local police tried to prevent her, but the Hindus interfered.

The living woman and her dead husband lay burning on top of the pyre, while the crowd applauded excitedly.

The widow, however, was unable to bear the torture. She rolled toward the river clutching her husband's body, which disappeared in the current. The police, despite the hostility of the crowd, rescued the woman.

help of the Madrasah, an organization of Jewish women which had its beginnings in America, sanitary expeditions were equipped and succeeded in eradicating the epidemic. The mortality rate of Palestine has been reduced to a minimum and the mortality rate of children compares favorably with that of other nations in the West.

YOUTH IN PARADE

Heart, Home, Head Club Chants State Songs at Chicago Exposition

CHICAGO, Nov. 28. (AP)—Chanting the songs of their respective states and displaying American banners, 1,000 boys and girls, hosts of America's Heart, Home, Head and Health Club, marched about the main arena of the International Live-stock Exposition today, inspecting the thousands of exhibitions.

The honor of wearing the most colorful costumes went unofficially to Rachel Nelson, 14 years of age, of Taylor, Ark., who wore an Arizona cowpuncher's sombrero, a red and yellow scarf and purple chaps.

Growing Grain

California Ranks High in
Cattle Exposition

CHICAGO, Nov. 26. (P)—E. E. Ed-
son Smith, a 55-year-old Corvallis
(Mont.) farmer, whose secret of wheat
growing is "old-fashioned elbow
grease," is the new wheat king of
North America.

Competing against the best wheat
producers of the United States and

LARGE FAMILY SUCCESS KEY

NEW HAVEN, Nov. 26. (P)—Large
families are great factors in a man's
success, it appears from research of
a professor at Yale. From study of
the records of 700 alumni, Prof. El-
worth Huntington finds that the
most successful have three times as
many children as the least success-
ful.

In undergraduate studies and non-
years. Besides winning the wheat-
growing championship with a sample
of hard red winter wheat, the Mon-
tana farmer, who is the oldest ex-
hibitor of the show, also won the
third time in seventeen years of
competition that Uncle Sam's rural
area have been able to win the
huge cup, emblematic of the cham-
pionship.

Smith, who learned his farming on
his father's farm in Knoxville, Iowa,
has been a diversified farmer on
about 400 acres near Corvallis, 100
miles west of Butte, for twenty-nine

ST. PAUL LINE'S RECEIVERS WIN

Reorganization Plan Upheld
by Supreme Court

Kansas City Rail Decision
Based on Coast Case

California Company Loses
Insurance Appeal

WASHINGTON, Nov. 26. (P)—The
Supreme Court refused today to re-
view the reorganization of the Chi-
cago, Milwaukee and St. Paul Rail-
road, which was approved by the
lower courts.

Erwin C. Janssen and others, con-
stituting the bondholders' defense
committee, asserting to represent
about \$18,000,000 of the bonds of
the railroad, protested to the lower
courts that the plan failed properly
to preserve the rights of the bond-
holders. They contended that the
decision of the lower courts were not
based on the facts existing at the
time the plan was approved by the
Federal District Court on January
15, 1927.

The receivers of the railroad urged
the court to refuse to review the case,
asserting that every day's delay cost
the property \$200,000 in interest alone,
declaring that the reorganization
should take effect at once, and in-
sisting that as long as the receiver-
ship continues the security holders
will be deprived of any return on
their investment. They stated that
88 per cent of the affected bond-
holders have approved the plan and
less than 8 per cent objected.

The Guaranty Trust Company of
New York and others, against whom
the suit was brought, contended that
the fact that the St. Paul railroad
in point of mileage and securities
affected is the largest railroad to go
through receivership and reorganiza-
tion, is not, as the bondholders' de-
fense committee has asserted, suf-
ficient reason of itself for reviewing
the case.

KANSAS CITY RAIL VALUATION SUIT LOSES

WASHINGTON, Nov. 26. (P)—The
injunction suit of the Kansas City
Southern Railway to restrain the
Interstate Commerce Commission
from using the valuation it had
placed on the property was dismissed
by the Supreme Court today because
it presented questions already pre-
sented upon in favor of the government in
a previous case.

About the time the railroad was
granted an injunction in the Fed-
eral District Court for Western Mis-
souri, the government won in the
Supreme Court, where the commis-
sion's valuation of the Los Angeles
and Salt Lake Railroad was attacked.
It appealed the Kansas City South-
ern case, contending that in all ma-
terial features the two cases were
identical.

The government took the position
that in the Los Angeles case the Su-
preme Court had laid down the rule
that the commission's valuations
cannot be enjoined, and that the
courts are open only to consider the
validity of its orders. It contended
that the railroad can prevent the
commission from using the valua-
tions only upon showing that an or-
der issued by the commission has
been based upon or influenced by an
illegal valuation.

The court indicated that it took
that view by declining to hear the
argument of government counsel.

CALIFORNIA COMPANY MUST PAY INSURANCE

WASHINGTON, Nov. 26. (P)—The
California Highway Indemnity Ex-
change which wrote the insurance
used by John E. Delaney to obtain a
permit to operate a "jitney" in San
Francisco, was refused a review by
the Supreme Court today. The case
was brought to set aside the judg-
ment obtained by Marie Kruger, who
said she had been injured by De-
laney's car.

CRIMINAL-ASSAULT APPEAL DISMISSED

WASHINGTON, Nov. 26. (P)—The
appeal of Arthur Rich to set aside
his conviction in Michigan on the
charge of criminal assault for which
he was sentenced to prison for life,
was dismissed today by the Supreme
Court for want of jurisdiction.

The controversy centered around
the right of the State to have the
trial elsewhere than in the vicinity
in which the crime was committed.

IMPORTER WINS IN CUSTOMS ACTION

WASHINGTON, Nov. 26. (P)—Im-
porters may challenge in the courts
appraisements made by collectors of
customs, without awaiting final
liquidation of the duties, the Su-
preme Court held today, in a case
brought by Finkelshtein & Kimmel
of New York, in which it reversed
the decision of the Court of Customs
Appeal.

Planes Bomb Nicaraguans

MANAGUA (Nicaragua), Nov. 26.
(P)—Aircraft with the joint command
of United States marines and Nation-
al Guardsmen operating near Elchi-
pote were fired at by 200 rebels. The
aviators flew low, dropped bombs,
raked the rebels with machine-gun
fire, killed four of them and wounded
several. The planes then returned
safely to their base at Ocotal.

SUITOR SLAYS RIVAL AND ENDS OWN LIFE

GARY (Ind.) Nov. 26. (P)—Rivalry
for the attention of a widow, Mrs.
Martha Fletcher, 25 years of age, was
responsible, authorities said, for the
fatal shooting of one of her suitors
and the suicide of the other. Lewis
J. Kocoka, 28, was sitting in the
widow's parlor last night when a bul-
let fired from the outside crashed
through a window, killing him. Out-
side, George Hughes, 32, was found,
a self-inflicted bullet wound in his
head. He died today.

YOUTH KILLED WHEN HIS CAR OVERTURNS

MODESTO, Nov. 26. (P)—Will
Goodwill, 19 years of age, of Mont-
pelier, was killed and his brother,
Dewey, was pinned beneath their
overturned automobile with the body
when the car hurtled off Dry Creek
bridge on the Turlock-Snellings high-
way today. It landed on a sandy
bank, upside down. Dewey finally
crawled from beneath the machine
and his cries for help were unheeded
for four hours.

RAIN

An admirable factor in a man's
make-up is his optimism, but
intelligent optimism demands
preparation for life's rainy
season.

COMMERCIAL, TRUST and SAVINGS

"How best can I trade-in my present car for a new car?"

WHEN you are ready to trade-in your present car for a
new car, you naturally want full value for your present
car. But most of all you want full new car value.

Remember these basic facts:

- 1 Your present car has only one fundamental basis of value:
i.e., what the dealer who accepts it in trade can get for it in
the used car market.
- 2 It has seemingly different values because competitive deal-
ers are bidding to sell you a new car.
- 3 The largest allowance offered is not necessarily the best
deal for you. Sometimes it is; sometimes it is not.
- 4 An excessive allowance may mean that you are paying an
excessive price for the new car in comparison with its
real value.
- 5 First judge the merits of the new car in comparison with its
price, including all delivery and finance charges. Then weigh
any difference in allowance offered on your present car.
- 6 Remember that you are making a purchase—not a sale. You
are simply using your present car as a credit against buying
a new car and the new car's purchase price.

BORDER PATROL RESULTS AMAZE

Three Times as Many Aliens Seized as Last Year

Rapid Strides Reported by Infant Organization

Half-Million Immigrants Enter During Period

WASHINGTON, Nov. 28. (Reuter)—The border patrol of the immigration service continues to expand and for virtually an infant organization (it being but three years old) almost amazing results are shown for the past fiscal year, according to the annual report of the Secretary of Labor, issued today. For the fiscal year ended June 30, 1922, the force consisted of 528 men, whereas the force for 1921 was 261. The organization is made up as follows: One supervisor, four assistant superintendents, thirty chief patrol inspectors, 170 sub-patrol inspectors, twenty-four clerks, thirteen mechanics and two laborers.

FIGURES SATISFACTORY
Secretary Davis states that most gratifying results are indicated by a comparison of the present year's statistics with those of the preceding year. During this year 15,282 persons were apprehended and delivered to other officials as compared with 5,520 during the previous year. 798 automobiles were seized, as compared with 377 for 1921, 509 boats and other vehicles, as compared with 241, and, most important of all, 12,038 smuggled aliens were captured, compared with 3,252 for the previous year.

The increased efficiency of the border patrol results from several outstanding causes, principally the increased appropriation, thereby permitting of a larger personnel and more and better equipment, including automobiles.

SEIZING PROCESS

However, undoubtedly the most direct cause for this vast improvement is the fact that the force is growing out of its infancy, having just completed its third year.

In the three years of its existence it has been necessary for it to go through a sifting process for the purpose of weeding out undesirable members who were totally unfit either morally, mentally or physically for a

LONE SAILOR TO BE KING

South Sea Islanders Honor French Tennis Star; Navigator of Frail Sloop

ST. DENIS (Reunion Island) Nov. 28. (P)—Alain J. Gerbault, internationally known French tennis player, who has a penchant for making solitary ocean voyages in a tiny sloop, has been chosen by the natives of a little Polynesian island to become their king—and there is a possibility that he may accept.

This was the word received today at St. Denis from the little island of Rodriguez in the Indian Ocean, where Gerbault, in his sloop *Picavet*, stopped for rations on his trip around the world.

Gerbault wouldn't give much information, but let it be known that he intended to finish his voyage and then in a new sloop, even smaller than the forty-foot, ten-ton *Picavet*, to start again for the Pacific. He hopes to obtain a concession from the French government for the native island which wants him as king.

service of this nature and filling their places in the hope of finally obtaining, as near as possible, a 100 per cent complement of the proper type of men. The results hoped for are being accomplished with great rapidity.

HALF-MILLION ALIENS ENTER IN YEAR

WASHINGTON, Nov. 28. (P)—More than 500,000 aliens were admitted to the United States during the 1922 fiscal year, the Labor Department announced today, and the number was considerably greater than during the previous year. The figures were 528,001 admissions in 1922, and 468,108 admissions in 1921.

Secretary of Labor Davis, from whose annual report the extracts were made public, added that the foreign population gain indicated was lessened by reason of the departure during 1922 of 223,508 aliens for their foreign homes. Further, of the 505,000 1922 foreigners entering the country, 203,256 were tourists, or aliens returning from temporary trips abroad. Almost one-half of all the newcomers to the United States in 1922 were from the American continent, Canada and Mexico now being the greatest source of immigrants.

GILES AT BAY CITY

SAN FRANCISCO, Nov. 28. (P)—Capt. Frederick A. Giles, British flyer, landed his biplane, Wanda, at Mills Field today after flying from a ranch near San Simon, Cal., where he alighted last Tuesday from his trip toward Hawaii.

DOHENY TO SEEK FOR OIL REFUND

Plans Petition to Congress for \$13,000,507

Huge Sum Paid Government on Elk Hills Lease

Attorney on Way Here Tells of Magnate's Plan

SAN FRANCISCO, Nov. 28. (P)—Frank J. Hogan, Washington attorney, arrived here today and announced he is en route to Los Angeles to help Edward L. Doheny, wealthy oil magnate, frame an appeal to Congress for the return of \$13,000,507 Doheny and his associates were forced to pay the government in the Elk Hills naval oil reserve case.

Hogan defended Doheny in both the criminal and civil actions concerning about the naval oil leases. "When Mr. Doheny obtained the Elk Hills naval oil leases he agreed to build storage tanks and other improvements for the Navy at the Pearl Harbor base in Hawaii, and to take from the oil reserve a quantity of oil sufficient to reimburse himself for the money expended."

"He constructed the tank and in turn received oil to the value of more than \$11,000,000. Then, aside from the criminal proceedings it started, the government brought civil action for cancellation of the lease, at the same time demanding that Mr. Doheny and his companies pay for the oil taken from the reserve."

"The government was successful in the civil proceedings, obtaining cancellation of the lease and a verdict that Mr. Doheny's companies must pay the government a total of \$13,000,507."

DENTIST LOSES APPEAL

SACRAMENTO, Nov. 28. (P)—Suspension of the dental license of L. S. Whetstone, Sacramento, by the State Board of Dental Examiners for unprofessional conduct today was upheld by the Third District Court of Appeals. Whetstone was ordered to cease his practice for five years or permitting his office nurse to treat his patients.

SWAN SLAYER PAYS FINE

WILLOWS, Nov. 28. (P)—George Anderson, San Francisco printer, was fined \$25 in justice court here today for killing a swan in violation of the State fish and game laws.

MEMBER OF McKINLEY'S STAFF DIES

J. W. Griggs Who Served as Attorney-General for Three Years Expires

PATERSON (N. J.) Nov. 28. (P)—John W. Griggs, 78 years of age, Attorney-General of the United States during the McKinley administration and the president of the Maroon Company of America, died today.

Mr. Griggs was born at Newton, N. J., and graduated from Lafayette College in 1868. He was admitted to the New Jersey bar in 1871.

He served in the New Jersey Assembly and Senate and from 1896 to 1898 he was Governor of the State in thirty years. He resigned to become Attorney-General in President McKinley's Cabinet in 1898 and resigned the Cabinet office to enter private practice of law in 1901. He had been a member of the Permanent Court of Arbitration at The Hague since 1901.

He leaves his widow, one son and five daughters.

TAFT GIRLS' BAND TO PLAY AT PASADENA

TAFT, Nov. 28.—Accepting an invitation to participate in the annual Tournament of Roses festival at Pasadena on January 2, members of the Taft Union High School girls' band are preparing to make a 10-day journey to the southern city with all of their members in uniform. The band, which is instructed by Prof. Julius Long of the high school, proved a sensation wherever it has appeared.

INSANITY URGED AS SNYDER PLEA

Counsel Enlists Chicagoan of Leopold-Loeb Fame

Deflector of Latest Forms of Madness Summoned

Childish Bump Held Excuse for Husband's Slaying

NEW YORK, Nov. 28. (P)—Insanity was brought forward today by counsel for Mrs. Ruth Snyder in a virtual eleventh-hour attempt to save her from the electric chair. Almost simultaneous with the arrival here of Clarence J. Neymann, noted Chicago psychiatrist, was an announcement by Edgar F. Hudson, Mrs. Snyder's chief counsel, that an injury to the head suffered when she was a child had left her mentally unbalanced.

Hudson said he was told of this injury by her mother, Mrs. Josephine Brown, after the trial which resulted in her conviction with her one-time paramour, Harry Judd Gray, for the murder of her husband, Albert Snyder. He said Mrs. Snyder has a swelling on her head which is steadily growing.

Dr. Neymann, whose testimony was regarded as instrumental in saving Leopold and Loeb from hanging for the murder of 18-year-old Bobby Frank, arranged to accompany Hamilton tomorrow to Sing Sing prison to see Mrs. Snyder.

In the Leopold-Loeb trial in Chicago, Dr. Neymann testified the two slayers were victims of "Judea deus."

"SAVE OUR SEX," SALESMAN SAYS

Buffalo Bachelor Would Run Off Husband-Slayer for Fraternity's Sake

BUFFALO (N. Y.) Nov. 28. (P)—If there is the slightest difficulty in getting an executioner to function in the case of Mrs. Snyder, James D. Crooks, unmarried salesman, has offered his services.

In a letter to Gov. Smith contending that too many women try to shoot their way out of marital contracts, he says he is willing to help enforce strict equality of the sexes.

a form of insanity in which two persons, though individually sane, fight upon occasion by jointly mad. Counted on to show a similar condition prevailed between the former Queens Village housewife and Gray.

CONTRACT LET FOR EL CENTRO THEATER

EL CENTRO, Nov. 28.—West Coast Theaters Company announced here today that a contract had been let to Barclay A. Ordo of Los Angeles for the erection of a new theater building in this city to cost \$40,000. The structure is being financed by Dave Croft of Los Angeles and is under lease to the West Coast Theaters, Manager Morris stated. The capacity of the new show house is 1400 and plans include an air-conditioning system with an additional seating of 1200. The structure is to be of reinforced concrete and it to be completed during the coming winter.

FORTUNE IN GEMS FALLS TO BANDITS

Two Men and Woman Caught Uncut Stones Valued at \$205,000 in Cleveland

CLEVELAND, Nov. 28. (P)—The men and a woman held in connection with the robbery of a jewelry store in downtown Cleveland today and escaped with gems valued at the firm at \$205,000. A woman entered the store and asked to see the diamonds and asked to see the diamonds and asked to see the diamonds.

The store is located on the floor of a downtown office building. One of the robbers, named Tomatoes of the store while the other two men placed two men armed with pistols and forced them to get on the floor.

About this time George Brown, diamond salesman, entered the store and was "robbed" by the men and taken to a rear room and bound. From him, Brown said, \$205,000 worth of diamonds and gems were taken.

RULING GIVEN ON APPEAL
SAN FRANCISCO, Nov. 28. (P)—County Clerk in California today quired to issue ruling and opinion. Charles A. Brown, Deputy Attorney-General, issued a letter to the State Probate and Guardianship made public today. The ruling on each case, the clerk stated.

SAWTELLE

HAVE YOU BELIEVED HOOVER, HARRIMAN AND SCHWAB?
—AND SCORES OF OTHERS WHO KNOW?

HARRIMAN, the railroad genius—Schwab, the steel magnate—Hoover, eminent statesman, engineer and economist! All of these men and scores of others have told you that Los Angeles will be built solidly to the sea.

Has it stirred in you a realization that NOW is your opportunity to locate in the path of that sweeping growth—and grow in wealth and happiness with it?

The predictions of these thinkers have been justified a hundred times over by the past development of Los Angeles. There is no magic in their foresight—just keen analysis and plain common sense! Take their word for it—Los Angeles will be built solidly to the sea!

You can already see the outlines of that picture. Sawtelle today is in the center of the greatest building activity in the metropolitan area. Around it are clustering seven notable educational institutions, including the University of California at Los Angeles.

geles, with the fine type of residential development that always springs up around a campus. And giving good sound ballast to the residential growth is an industrial and commercial development of a most substantial character.

Sawtelle has prepared well for its future. Its streets are paved—40 miles of them—with sewers and water mains laid and a gigantic storm drain system is completed. A modern street lighting system is planned for Santa Monica Boulevard. She has fine schools, splendid churches, clubs and civic institutions—every factor essential to a progressive community life and ideal home environment.

Make it your determination to have a home or business or both where it is certain to be surrounded by prosperity. Learn now of the varied opportunities and advantages that await you in Sawtelle by mailing the attached coupon today!

FORTUNE IN GEMS FALLS TO BANDITS

Two Men and Woman Get Uncut Stones Valued at \$205,000 in Cleveland

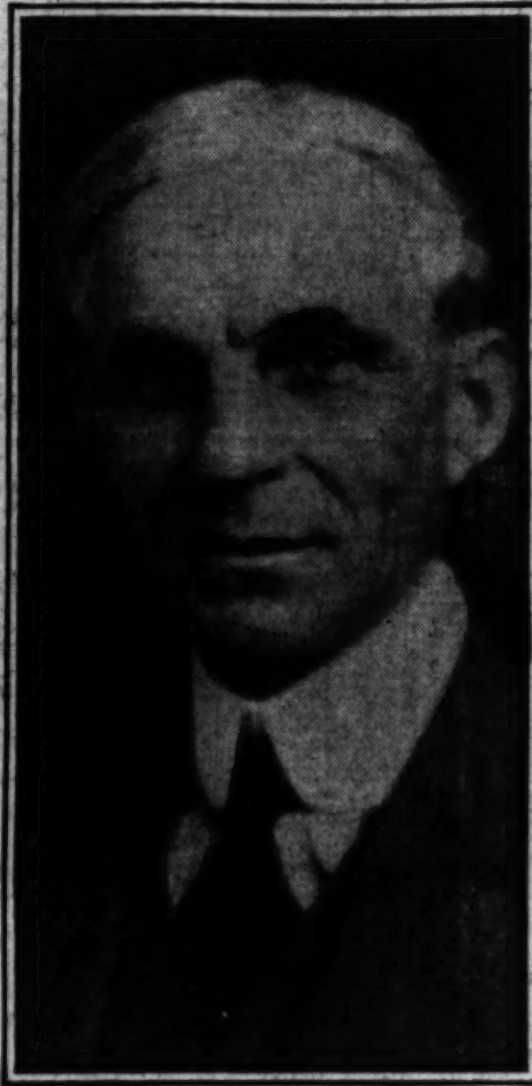

CLEVELAND, Nov. 28. (P.)—Two men and a woman held up employees of the Swirsky Brothers' jewelry store in downtown Cleveland today and escaped with gems valued at the firm at \$205,000. A woman entered the store and asked to be shown some diamonds and while a clerk placed two valises of gems on the counter two men entered and commanded employees to throw up their hands. The men then seized the gems and the trio escaped. The store is located on the main floor of a downtown office building. One of the robbers menaced employees of the store while his companion bound clerks with a piece of tape and forced them to lie down on the floor. About this time George Horrocks, a diamond salesman, entered. He was "covered" by the men and taken to a rear room and bound. They took from him, Horrocks said, \$10,000 in gems. The robbers then looted the safe which the clerk had opened to take out the uncut stones.

BUILDING GIVEN ON LICENSE
SAN FRANCISCO, Nov. 28. (P.)—County Clerk in California has been required to issue fishing and hunting licenses. Charles A. Wyman, Jr., Deputy Attorney-General, declared in a letter to the State Fish and Game Commission made public today, that county clerks are entitled to a commission on each sale, the more the better.

THE NEW FORD CAR

An announcement of unusual importance to every automobile owner

by
HENRY FORD

NINETEEN years ago we made and sold the first Model T Ford car. In announcing it to the public we said:

"We will build a motor car for the great multitude. It will be large enough for the family, but small enough for the individual to run and care for. It will be constructed of the best materials, by the best men to be hired, after the simplest designs modern engineering can devise. But it will be so low in price that no man making a good salary will be unable to own one."

"If I were starting in business today, or asked to restate my policy, I would not change one sentence or one word of that original announcement. In plain, simple language it gives the reason for the very existence of the Ford Motor Company and explains its growth.

"IN THE last nineteen years we have made 15,000,000 Ford cars and added to the world nearly 300,000,000 mobile horse-power. Yet I do not consider the machines which bear my name simply as machines. I take them as concrete evidence of the working out of a theory of business which I hope is something more than a theory of business—a theory that looks toward making this world a better place in which to live.

"The Model T Ford car was a pioneer. There was no conscious public need of motor cars when we first conceived it. There were few good roads and only the adventurous few could be induced to buy an automobile.

"The Ford car blazed the way for the motor industry and started the movement for good roads. It broke down the barriers of time and distance and helped to place education within the reach of all. It gave people more leisure. It helped people everywhere to do more and better work in less time and enjoy doing it. It did a great deal, I am sure, to promote the growth and progress of this country.

"We are still proud of the record of the Model T Ford car. If we were not, we would not have continued to manufacture it so long. But 1927 is not 1908. It is not 1915. It is not even 1926.

We have built a new car to meet modern conditions

"We realize that conditions in this country have so greatly changed in the last few years that further refinement in motor car construction is desirable. So we have built a new

car. To put it simply—we have built a new and different Ford to meet new and different conditions.

"We believe the new Ford car, which will be officially announced on Friday of this week, is as great an improvement in motor car building as the Model T Ford was in 1908.

Smart new low lines and beautiful colors

"The new Ford is more than a car for the requirements of today. It goes farther than that. It anticipates the needs of 1928, of 1929, of 1930.

"The new Ford car is radically different from Model T. Yet the basic Ford principles of economy of production and quality of product have been retained. There is nothing quite like the new Ford anywhere in quality and price.

"The new Ford has exceptional beauty of line and color because beauty of line and color has come to be considered, and I think rightly, a necessity in a motor car today. Equally important is the mechanical beauty of the engine. Let us not forget this mechanical beauty when we consider the beauty of the new Ford.

"The new Ford has unusual speed for a low-price car because present-day conditions require unusual speed.

"The world moves more quickly than it used to. There are only so many hours in the day and there is much to be done.

"Fifty and sixty miles an hour are desired today where thirty and forty would have satisfied in 1908. So we are giving you this new speed.

Quiet and smooth-running at all speeds

"The new Ford will ride comfortably at fifty and sixty miles an hour. It has actually done sixty-five miles an hour in road tests.

"Since modern conditions demand more speed, they also demand better brakes to balance this speed. So we are giving you four-wheel brakes in the new Ford.

"The new Ford will be quiet and smooth-running at all speeds and you will find it even easier to handle in traffic than the old Model T Ford.

"The new Ford has durability because durability is the very heart of motor car value. The Ford car has always been known as a car that will take you there and bring you back. The new Ford will not only do that, but it will do it in good style. You will be proud of the new Ford.

"THIS new Ford car has not been planned and made in a day. Our engineers began work on it several years ago and it has been in my mind much longer than that. We make automobiles quickly when we get in production. But we take a long time planning them. Nothing can hurry us in that. We spent twelve years in perfecting our former Model T Ford car before we offered it to the public. It is not conceivable that we should have put this new Ford car on the market until we were sure that it was mechanically correct in every detail.

"Every part of it has been tested and re-tested. There is no guessing as to whether it will be a successful model. It has to be. There is no way it can escape being so, for it represents the sum total of all we have learned about motor car building in the making of 15,000,000 automobiles.

The new Ford will sell at a low price

"The price of the new Ford is low in accordance with the established Ford policy. I hold that it is better to sell a large number of cars at a reasonably small margin of profit than to sell a few cars at a large margin of profit.

"We never forget that people who buy Ford cars are the people who helped to make this business big. It has always been our policy to share our profits with our customers. In one year our profits were so much larger than we expected that we voluntarily returned \$50 to each purchaser of a car. We could never have done that if this business had been conducted for the sole benefit of stockholders rather than to render service to the public.

"No other automobile can duplicate the new Ford car at the Ford price because no other manufacturer does business the way we do.

"We make our own steel—we make our own glass—we mine our own coal—we make virtually every part used in the Ford car. But we do not charge a profit on any of these items or from these operations. We would not be playing fair with the public if we did so. Our only business is the automobile business. Our only profit is on the automobile we sell.

"WE ARE able to sell this new Ford car at a low price because we have found new ways to give you greater value without a great increase in our own costs.

"We did not set out to make a new car to sell at such-and-such a figure. We decided on the kind of car we wanted to make and then found ways to produce it at a low price.

"The new Ford car, as I have said, will be officially announced on Friday of this week. In appearance, in performance, in comfort, in safety, in all that goes to make a good car, it will bear out everything I have said here. We consider it our most important contribution thus far to the progress of the motor industry, to the prosperity of the country, and to the daily welfare of millions of people."

STOCK PRICES IN SHARP DECLINE

Marking Up of Call Money Held Responsible

General Motors Reacts to New Ford Due Out

Steel Common Also Yields to Selling Pressure

NEW YORK, Nov. 28. (AP)—The stock market underwent a sharp reaction today in which many of the leaders lost 1 to 2 points, and some of the high-priced specialties as much as 3 points. But independent strength was nevertheless shown by a number of widely scattered issues. Wall street was lulled to a momentary relaxation, to the starting up of a call-money rate from 5 1/2 to 6 1/2 per cent, the first change in about a month, and to the publication of the first official announcement of the new Ford car, but in neither case did the market show any real recovery. The reaction was followed by a sharp decline in the afternoon, and the closing was a record low for the year.

General Motors, which had been a leader in the market, reacted sharply to the news that the new Ford car was due out in January. The stock fell 2 points, and the company's bonds also declined. The reaction was also felt in the steel industry, where the common stock of several companies fell 1 to 2 points.

The market was also affected by the announcement that the call-money rate had risen to 6 1/2 per cent. This was the first increase in the rate since the summer, and it was expected to lead to a further rise in the near future.

Despite the general decline, there were some exceptions. The stock of American International Corporation rose 1 point, and the stock of United Fruit Company rose 1/2 point. The stock of International Paper Company also rose 1/2 point.

A Two-Fold Obligation

The advice of a conservative investment banking house is governed by a sense of personal obligation, not only to the individual client, but also to the good name and reputation of the house itself. This double obligation assures sound counsel in all matters of investment. We should be pleased to confer with you regarding your investment requirements. Let us send you our current list of carefully selected securities.

WALL STREET PARAGRAPHS

(Copyright, 1927, by New York Evening Post, Inc.)
NEW YORK, Nov. 28. (Exclusive)—Raising of the call money rate to 4 per cent, after renewals had again been fixed at 3 1/2 per cent and the further rise which followed to 4 1/2 per cent midway through the afternoon, was effective in accelerating the selling movement which had been in progress from the opening. The hardening of the demand rate, however, was regarded in money circles as nothing more than a reflection of the usual month-end stringency. Banks called upward of \$20,000,000 loans presumably for the purpose of correcting partially the deficit of \$29,000,000 shown Saturday which resulted from the paying off of redemptions at the reserve bank. Money lenders look for renewed ease with the turn of the month. Speculative sentiment was not disturbed by the reactionary tendencies which developed during the day. On the contrary, the selling which came into the market was welcomed in many quarters where it was considered that the pace of the rise had become too rapid to be healthy. It was pointed out that in the last month industrial stocks as measured by the averages have not only recovered from the late October low levels, but have actually worked into new record territory.

STUDEBAKER FRATERS MOTORS
Studebaker reacted to the position of leadership in the market group, rising sharply on the largest turnover in weeks. For a time rumors that Studebaker was planning to bring out a new "eight" in time for the approaching motor show, but the real basis was to be found in the bullish analysis of the company's position put out by the same statistical organization which recently endeavored to set forth the likely effect of the return of Ford on the General Motors business.

LEADERS GIVE WAY
Heaviest selling was directed toward the stocks which had furnished particular leadership for the market on its recovery, in studying General Motors, Radio, Steel common, Houston Oil, Commercial Solvents and others. The small measure of the offerings which forced values back in such stocks, was regarded as coming from the bear element, which had been fighting with its back to the wall. In usually well-informed circles, opinion had been expressed early in the day that the market this week would likely develop into something of a tug of war, as shorts, seeing the loss of their paper profits disappearing, would likely mean a new effort to turn the market downward.

Cotton Market Off Sharply on Heavy Selling

NEW YORK, Nov. 28. (Exclusive)—The cotton market's weakness of Saturday, when prices ended with a decline of 18 to 20 points from Friday's closing, was continued today from the opening. Liquidation, which started Saturday by many traders, was continued here from the opening and was supplemented by a large amount of southern selling. Liquidation also came in from Wall street houses, with the result it became practically general.

What support had been kept in the market last week by local trade bulls was withdrawn, when the heavy pressure of this liquidation was seen during the early trading this morning. The Liverpool market broke for the same reason, closing near the lowest at a net decline of 22 to 26 English points on the day, against 12 to 17 that had been due to meet our closing decline of Saturday.

This brought the Liverpool houses here into our market as also good sellers on balance. As prices declined liquidation on "stop orders" selling developed, which helped to make the

THE INVESTOR

Expert Scores Policy of Substituting Lower-Rate Securities for Higher

BY WILLIAM RUSSELL WHITE
(Copyright, 1927, by New York Evening Post, Inc.)
NEW YORK, Nov. 28.—Presentation in this column of the viewpoint of utility holding company bankers on the practice of redeeming underlying preferred shares of operating companies through issuance of lower-rate securities has evoked a rejoinder from Herbert W. Falk, who voices the complaints of holders.

"I have not spent a generation of very active experience in the stock and bond markets, before I retired, without knowing my subject," writes Mr. Falk. "And I want to issue a solemn warning to those whose eyes appear cast only in that direction where self-interest lies to leave the 7 per cent preferred stockholder alone; to let him rest in peace and quiet and safety and happiness; to permit him to transmit to his heirs and beneficiaries securities bought in simple belief of tenure of investment, of safety of principal and of highly satisfactory yield."

"Is this too much to ask?" continues Mr. Falk. "Is it utterly unreasonable to ask that we have no right to the financial and moral profit involved in our ownership? Or are we to come under that ban which is the curse of American corporate practice today and which threatens this nation unless it be reformed—the conception, also, as prevalent that the smaller man should 'not be permitted to make any money, but only to be used when it is good to use him?'"

Answering the assertion that holders whose stock is redeemed receive a profit of 10 to 12 per cent, Mr. Falk says they do not want it. He fears those compelled to surrender a 7 per cent stock will search for another security bringing the same return and will be apt to reinvest in less desirable holdings, so that when loss results, it may be expected to do the public utility company will be blamed for the venture because it redeemed its preferred shares.

Million Bags of California Rice Unhulled

SACRAMENTO, Nov. 28. (AP)—The Rice Growers' Association of California today estimated that more than 1,000,000 bags of the 1927 crop of rice is still unhulled, and that of the total 30 per cent still remains unhulled. That part of the crop already threshed is estimated by the association to exceed 3,000,000 bags. Threshing of the crop was halted early this month by rains, but the association now predicts that if present weather conditions continue, threshing operations can be resumed, but under the most favorable conditions, that part of the crop still unhulled will be damaged considerably.

The San Joaquin Valley thus far has contributed 172,000 bags of new rice: Colusa county, 50,775; Glenn, 40,775; Butte, 47,615; Butler and Tehama, 59,585, and Yuba county, 40,745.

STOCK AS SUBSTITUTES

Mr. Falk believes good will could be regained by issuing non-callable

San Francisco Bay Toll-Bridge Company

Fifteen-Year Participating Sinking Fund 7% Debentures
(Closed Issue)

To be dated November 1, 1927

The following information has been summarized by Mr. Arthur Batty, President of San Francisco Bay Toll-Bridge Company, from his letter dated November 26, 1927, and is subject to the more complete information contained therein:

Company: San Francisco Bay Toll-Bridge Company has been organized under the laws of Delaware for the purpose of erecting, operating and maintaining a toll-bridge across San Francisco Bay connecting the two main highways on the east and west sides of the bay. The western terminus of the bridge will be located at San Mateo, approximately 14 miles south of the city line of San Francisco and will be directly connected with the El Camino Real highway, and with the new Bay Shore Boulevard which is now under construction and expected to be completed to San Mateo during 1928. The eastern terminus will be near Mt. Eden and will be directly connected with the Lincoln Highway. The bridge, planned for completion before July 1, 1929, will afford the most direct all-highway route between San Francisco and points in the San Joaquin Valley. The county of San Mateo, which has jurisdiction in respect of this bridge, has granted the company a franchise extending to July 11, 1977, to operate the proposed toll-bridge. The power to establish tolls is lodged in the county Board of Supervisors, which body has unanimously approved the franchise and the tolls provided therein. Under the Political Code of the State of California, these tolls cannot be revised, in the opinion of counsel, prior to July 11, 1947, except upon proof that they are excessive or inadequate in relation to the cost or value of the property. The law contains provisions relating to the purchase of the bridge by the counties in which it is situated, either within five years from the filing of the completion certificate or at any time after the bridge has been in operation for ten years; in either case the purchase price is to be determined by a commission on which the company and the purchasers will have equal representation and which will include an appointee of the judge of the county Superior Court.

Security: These Debentures, in the opinion of counsel, will be a direct obligation of the company subject to the \$4,500,000 First Mortgage 6 1/2% Sinking Fund Bonds due 1957, which bonds will be subject to the operation of a sinking fund, payable beginning February 1, 1932 in semi-annual installments calculated on an accumulative basis, sufficient to retire the entire issue at or before maturity. The properties of the company will comprise a bridge across San Francisco Bay, together with its approaches, appurtenances, rights-of-way and franchise. The total cost of the enterprise, including construction of the bridge, carrying charges during construction, financing expenses, and allowance for contingencies, has been estimated by Messrs. Waddell & Hardesty, bridge engineers, to be approximately \$7,500,000. Based upon the estimate of earnings for the first year of operation, as stated below, and on conservative allowance for future growth of traffic, these engineers have appraised the bridge, when completed, at approximately \$9,000,000. The proceeds of the \$4,500,000 First Mortgage 6 1/2% Sinking Fund Bonds and this issue of \$2,000,000 Fifteen-Year Participating Sinking Fund 7% Debentures will be applied to the cost of the enterprise. Provision has been made for the issuance of \$730,500 par value of 8% Preferred Stock in lieu of cash payments due in connection with the project, and in addition \$369,500 par value of 8% Preferred Stock has been underwritten for sale, if necessary, to provide additional funds.

Estimated Earnings: Based upon traffic counts made by the California Highway Commission during 1926, and without allowance for increased traffic during the construction period, it is estimated by Messrs. Sanderson & Porter, engineers, that revenues, at toll rates stipulated in the franchise, and operating expenses, for the first year of operation after completion of the bridge, its approaches, and the Bay Shore Boulevard to San Mateo now under construction, will be as follows:

Gross revenues	\$1,057,750
Operating expenses, maintenance and taxes (exclusive of Federal income taxes)	189,350
Net earnings before interest, amortization and Federal taxes	\$868,400
Interest on First Mortgage 6 1/2% Sinking Fund Bonds	292,500
Balance	\$575,900
Interest on 15-Year Participating Sinking Fund 7% Debentures (this issue)	140,000
Balance	\$435,900
Amortization, Federal income taxes, and Preferred Stock dividend requirements	274,012
Balance for 3% Participation on Debentures	161,887
3% on maximum amount of Debentures to be outstanding	\$0,000

Such estimated net earnings, after interest on the first mortgage bonds, are over four times the maximum amount required for interest on these Debentures. These estimated net earnings are over twice the combined first mortgage bond and Debenture interest.

Participation: The Debentures (when issued in definitive form) will have attached thereto coupons entitling the holders to participation on interest dates in the semi-annual net earnings of the company (to be defined in the Indenture but after interest on first mortgage bonds and Debentures, annual amortization, Federal income taxes and dividends on preferred stock) to the extent of 1 1/2% of the principal amount of the Debentures at the time outstanding, when and as set aside for the purpose as provided in the Indenture.

Price 99 1/2 and accrued interest, to yield over 7%

Paine, Webber & Co
M. H. Lewis & Company
California Company
Shingle, Brown & Co.
Banks, Huntley & Co.

These debentures are offered for delivery when, as and if issued and accepted by us and subject to approval of counsel. All states herein are based on information which we regard as reliable and, while we do not guarantee them, we ourselves have relied upon them in the purchase of this security.

A Public Utility 6 1/2% First Lien With Stock Purchase Warrants

An established gas producing company whose earnings are 3.4 times its maximum annual interest requirements, and its net assets equivalent to \$2630 for each \$1000 bond.

Moreover, each bond carries a detachable warrant for the purchase of common stock on a basis involving very attractive possibilities of profit.

NEW YORK CURB STOCKS

NEW YORK, Nov. 28. (R)—Heavy liquidation of curb stocks today followed the increase in the call money rate from 1-2 to 1-3 per cent. Nevertheless there were numerous points of strength, several issues which attained new peak prices in the morning, holding their gains tenaciously. There were 377 issues traded in, a new high record.

Port Motor of Canada was an outstanding feature, jumping 41 points to 635, the first time it has sold above 600 this year. The strength undoubtedly was due to the preliminary announcement of the new Ford car, published today. The same announcement was instrumental in bringing declines in some of the other motor stocks.

American Solvents and Chemical preferred, reached new high ground on reports of record-breaking current earnings. Chicago, Milwaukee and St. Paul new common and preferred, also sold at record high prices following the favorable decision by the Supreme Court affecting the reorganization plan.

Other miscellaneous stocks, which improved their higher, included Sparks Withington, Great Lakes Dredge and Dock, United States Freight and Robert Manufacturing, the last named holding an extreme gain of more than 5 points.

Industrial Rayon was sold in huge amounts, sustaining an extreme decline of 3 points, but recovering fractionally at the close. Tubine Silk plunged 15 points to 255, and Celanese shares continued to range downward.

On specific transactions the closing price is shown where the stock rose and fell where it was unchanged.

NEW YORK BOND PRICES

NEW YORK, Nov. 28. (AP)—An air of hesitancy surrounded the bond market today with indications of a tightening of the money market as banks prepared for end-of-the-month demand for funds. Although there was no accompanying call loans upward, many traders were disposed to lighten their holdings for the moment. There were, however, no sharp reactions, and a few lamps continued to march into new high territory.

St. Paul issue featured the trading, about ten of them exceeding their previous peak prices on the Supreme Court decision favoring the reorganization plan. The 4% of 1934 advanced 4 points to 95-4, and convertible 4 1/2's changed hands in rather large amounts. New Haven 4's and 5 1/2's improved their year's peak prices, and Missouri Pacific 4's were moderately active around 81.

The favorable outlook in the copper trade was reflected by rising prices of Andes Copper Mining 7's and Anaconda 7's, both of which sold at 110 1/2. The Street times Trumbull Steel 6's reached 101 7/8 in further response to merger plans, but later lost all their gain. Continental Steel and Paper 6 1/2's had a fractional net loss after reaching new high ground earlier in the day.

Public utilities generally were inactive, featured by a 3/4-point loss in Brooklyn Union Gas 6 1/2's, which are convertible into common stocks. A few United Railway of St. Louis 4's were bought at year's high levels. Public covering was expected soon of an \$18,000,000 issue for the Twin City Rapid Transit Company.

United States government obligations recovered early losses and became active as fractionally improved prices. Treasury bonds were close to year's high quotations.

Peruvian 7's made up the small loss sustained on profit-taking Friday, but other foreign issues were irregular.

The quotation report lists of bonds (the quotation of bonds is made on the basis of the bid and ask prices as shown on the high).

California Tax Exempt Improvement Bonds

ISSUED BY CITY AND COUNTY MUNICIPALITIES

ADEQUATE public improvements are vital to a community, however large or small. Paved streets, sidewalks, curbs, sanitary sewers, storm drains, street lights, etc., are not only conveniences—they are safeguards to public health and safety.

Bonds issued for such improvements embody those fundamental requisites of a sound and carefree investment—Safety of principal, Marketability, Yield—6 to 6 1/2 per cent, complete Tax Exemption, both California and Federal.

Look over the current Improvement Bond issues listed below. Complete information on any of these offerings will be mailed on request.

Florida Portland Cement Company

6 1/2 % First Mortgage Sinking Fund Gold Bonds
Dated October 15, 1927—Due October 15, 1932

Price: 99 and accrued interest, to yield over 6.70%

The Company agrees to pay interest without deduction for any Normal Federal Income Tax, up to 2%, which the Company or the Trustee may be required to pay at the source, and to reimburse the resident holders of these bonds, if requested within 60 days after payment, for the California, Connecticut and Pennsylvania tax not exceeding 4 mills, the Maryland tax, not exceeding 4 1/2 mills, the District of Columbia tax not exceeding 5 mills, the Michigan 5 mills exemption tax, the Missouri 1 1/2 % state income tax and for the Massachusetts tax on the interest not exceeding 6% of such interest per annum.

The following information is taken from official sources:

Business and Properties: The Florida Portland Cement Company, incorporated in 1925 under the laws of Delaware, has recently constructed a modern cement plant, located at Tampa, Florida, with a productive capacity of 1,500,000 barrels per annum, which plant commenced operation October 1, 1927. The plant is situated on a tract of land of approximately twenty-five acres, which is owned in fee, located within the city limits of Tampa. The Company's manufacturing facilities are of the most modern and approved character and the layout of the plant is such as to provide the most efficient and economical operation. The plant has its own power station with an installed capacity of over 6,000 h.p. which furnishes all of the power required in the operation of the plant and property. Storage facilities provide for 141,000 barrels of finished cement, with ample facilities for the storage of stone, clay, coal, clinker and gypsum.

The Company's raw material deposits, owned in fee, are located near Brooksville, about fifty miles north of Tampa, served by the Tampa Northern Railroad Company (a subsidiary of the Seaboard Air Line Railway Company). This property consists of approximately 400 acres of high-grade limestone, which has been fully developed and will, it is estimated, provide the plant with its stone requirements at its rated capacity for 100 years.

The Company is now producing a very high grade cement and has already made shipments on orders booked. The plant will include docks for direct loading into ocean-going ships and barges, which will give the Company the advantage of water rates as to a portion of its output into the sea coast and Gulf ports of the southern states, as well as into foreign ports of the West Indies, Mexico, Central America and South America.

Security: These bonds are a part of a total authorized issue of \$2,000,000 and, in the opinion of counsel, are secured by a direct first mortgage on all of the real estate, plants, buildings, equipment and fixed property of the Company now owned or hereafter acquired subject to purchase money mortgages or underlying liens, if any, on hereafter acquired property. The actual cash cost of the plant and properties as of September 30, 1927, amounts to \$5,067,672.95, which includes \$178,850 of cash reserved for the development of facilities and raw materials, a substantial part of which has now been accomplished. This loan, therefore, represents less than a 35% mortgage. Additional bonds may only be issued under conservative restrictions, as provided in the Trust Indenture.

Assets: Balance sheet as of September 30, 1927, prepared by Messrs. Arthur Andersen & Co. adjusted to give effect to the present financing, shows net tangible assets having a value of \$5,915,248.94. Net current assets as shown in said balance sheet amount to \$847,575.09.

Earnings: On account of its efficient and modern manufacturing facilities, including waste heat boiler installation, the Company has a low manufacturing cost. The Company owns and operates the only cement plant in the State of Florida and, therefore, enjoys very substantial freight differentials in practically the entire State, over all competitors now shipping into Florida by rail, and should be able to distribute its entire output advantageously within its natural trade territory, which now consumes about twice the annual capacity of this plant.

Careful estimates indicate that on an 80% capacity operation the Company should show annual net earnings of \$500,000 or about 4.4 times interest requirements and more than three times the combined interest and sinking fund requirements on these bonds.

On the basis of capacity production, normal prices for cement, and the low cost of manufacture at this plant, it is believed that the Company will be able to show an annual net operating profit of over \$1,000,000 which is equal to over 8 1/4 times such interest requirements and over 6 times such interest and sinking fund requirements.

Sinking Fund: The Indenture provides for a minimum sinking fund of \$50,000 per annum for the retirement of bonds of this issue, payable annually commencing October 15, 1928. In addition the Company covenants to set aside, as an additional sinking fund, a sum equal to 25% of the net income of the Company after depreciation, taxes, interest, minimum sinking fund payments, and preferred dividends, for the period of its operations ending December 31, 1928, and for each calendar year thereafter, as provided in the Indenture.

Management: The property is operated by a staff of able and experienced men who have been successful in the manufacture and distribution of cement for many years. The design and construction of this plant has been under the direct supervision of the Cowham Engineering Company, which Company has been exclusively engaged in the construction and operation of cement plants for over a quarter of a century.

These Bonds are offered for delivery when, as and if issued and received by us and are subject to the approval by our attorneys of all legalities incident thereto. It is expected that Temporary Bonds of the Company will be ready for delivery on or about December 5, 1927.

E. H. Rollins & Sons **A. B. Leach & Co., Inc.**

The above information and statistics have been obtained from sources that we deem reliable and, although not guaranteed, are accepted by us as accurate. All bonds offered subject to prior sale and change in price without notice.

The \$34,431.25 Plan for \$50 a month investors

BUSINESS and professional men, and salaried executives, are using this plan to build substantial fortunes.

\$50 invested monthly under this plan will become \$34,431.25 in 25 years. Only \$15,000 is paid in. \$19,431.25 in interest is added. The total will provide an extra income of \$172.17 a month without reducing the \$34,431.25.

\$50 a month becomes \$3202.17 in 10 years or \$14,522.39 in 15 years.

Does the amount you have saved in the last five years compare with this?

Send for details of our plan, which shows how you can build a fortune. No obligation. Plans, call or write.

EX-MATE BACKS HONOR SLAYER

Mrs. Hull and Divorced Husband Reconciled

Unwritten Law to be Made Woman's Defense

Daughter Visits Mother in County Jail

The bullet that ended the life of Gordon J. Waters, asserted to have attacked 17-year-old Marie Hull, has reunited the divorced parents of the girl, it was revealed yesterday when Lee Hull, former husband of Mrs. Hull, former husband of Mrs. Hull, self-admitted slayer of Waters, declared that he was "going to stand by" his former wife.

"My wife did the right thing," Hull declared. "Shooting was too good for his kind."

Hull and his daughter visited the slayer at the County Jail yesterday. "Mother did perfectly right," Marie told detectives. "If she had not shot him I would have done so myself."

CORONER ACTS TODAY

Mrs. Hull will tell her story to a coroner's jury this afternoon, beginning at 1:30 o'clock. The "unwritten" law will be her defense, according to Attorney A. S. Hann, who has been retained by Hull to defend his former wife. Marie also will go on the stand and tell the events that led up to the killing of Waters by her mother.

Dr. Walter Juggins also is to be summoned by the defense and will testify.

While the coroner's inquest is in progress, Dep. Dist. Atty. Thomas, chief of the homicide squad, will be in attendance to decide what action will be taken by the District Attorney's office. Mrs. Hull at present is held for suspicion of murder.

WOMAN APPEARS CALM

When she visited her mother in her jail cell Marie was tearful, but Mrs. Hull appeared calm and apparently without remorse. Later, Mrs. Hull seemed to glorify in herself in her deed when interviewed.

"I am glad I killed him, even though I hang for it," she declared. "My little girl was sweet and good. I did the only thing I could to avenge her."

A far different side to the sordid tragedy was revealed by Mrs. Irene Waters, wife of the slain man. She declared that her husband was a "shame" and a "scoundrel," as Mrs. Hull and her daughter declare.

"Marie Hull led my husband on. She knew he was married," Mrs. Waters said. "Gordon and I were married six months. We were very happy and had planned on buying a home. Now he is dead, Mrs. Hull killed him but Marie Hull is to blame."

PAGE GUEST WRITER DUE NEXT WEEK

English-Speaking Union Here Plans for Welcome of British Journalist

J. Alfred Spender, English journalist, will be guest next week of the Los Angeles chapter of the English-Speaking Union in its promotion of better American-English relations.

He will arrive Monday from Santa Barbara. On Tuesday at 6:30 p.m. he will address a dinner meeting at the Jonathan Club under auspices of the chapter. Bishop Stevens will preside.

Mr. Spender is of the Westminster Gazette staff. He formerly was its editor and was associated in many capacities with other leading English publications. He was a member of the government's special commission to Egypt in 1919-20, of the government's commission on divorce and matrimonial causes and of other prominent groups. He has recently retired from the presidency of the National Labor Federation.

The visitor comes to the United States as senior fellow in the Walter Hines Page Memorial Fellowship, an organization formed by the English-Speaking Union of America in connection with an associate committee of representative American newspapers, of which The Times is a committee member. It has for one of its principal purposes the bringing here for first-hand observations of this country and customs, a number of English journalists so that America may be understood better abroad.

It has as a junior fellow in the organization Philip Hewitt-Myring of London, recently connected with The Times as a guest writer. He is now in San Francisco en route to other cities in similar capacity.

Mrs. Margaret Pryor of Cedar City, Utah, is known as the pioneer nurse of the West, having been nursing the sick for the past 50 years. She is now 80 years of age.

THREE IDEAS OF DEITY TO BE OFFERED

Clergyman, Scientist and Philosopher to Air Views Before University Body

Presenting three different conceptions of God—those of the philosopher, the scientist and the clergyman—the Philosophical Union of the University of California at Los Angeles will offer a symposium on the subject Friday evening at Millspaugh Auditorium on the university campus.

The major discussions will be supplied by men eminent in their respective fields. Prof. Herbert Wilton Carr of the University of London; Dr. Loye Holmes Miller, professor of biology at University of California at Los Angeles; and Rev. Edward L. Parsons, bishop of the Episcopal Church, who recently has returned from the Lausanne conference, which he attended as an American representative. Each will present a conception of the Deity based on the modern attitude of the school of thought to which he belongs.

In addition to these men many leaders of educational and scientific thought will attend, some of whom will participate in the open discussion scheduled to follow the principal addresses. Dean Charles Rether of the University of California at Los Angeles, and president of the Philosophical Union, will preside.

The Philosophical Union is the oldest of the various societies which have been organized in the University of California, having been founded by Prof. G. H. Rowell at Berkeley in 1898. Most of the great philosophers of the world in the years since have been brought to its platform. A symposium similar to the one scheduled for Friday night was conducted in 1925 by the society at which the principal speakers were Josiah Royce of Harvard and G. H. Rowell of Berkeley.

VISITOR IN SEARCH TO LOCATE MOTHER

How to find one's folks among the 2,000,000 or more persons hereabouts is something of a difficulty, in the opinion of Fred Cameron of Cleveland. He came here Sunday to meet his mother, Mrs. Emma B. Cameron, who, with Mrs. Betty Martin, a friend, arrived in Los Angeles on the first train from Cleveland, but failed to find her. Cameron has appealed to The Times to broadcast the information that he has registered with the Travelers' Aid Society and awaits his widowed mother's call there.

FUNERAL THIS WEEK FOR MRS. R. E. BARRY

The body of Mrs. Richard E. Barry, who died at her home, 608 South Ardmore avenue, last Tuesday, will be interred this week at her former home in Fort Huron, Mich. Mrs. Barry, who was Miss Nan Walsh before her marriage, had lived in Los Angeles for the past seven years. Funeral services were conducted last Thursday at St. Basil's Church. Her husband, mother and sister accompanied the body to Michigan.

UNIVERSITY READY FOR OLD GRADS

Three Days of Merriment Scheduled at S.C. When Alumni Come Home

Memories of undergraduate days will be revived when alumni of the University of Southern California return to the familiar scenes of the college campus December 1, 2 and 3 to attend the fourth annual homecoming celebration arranged by that institution.

A round of social events, golf tournaments, banquets, rallies and "pep-fests" has been arranged for the return of the old grads, with the football game with the University of Washington as the high light in the program.

Prize will be awarded for the most beautiful, the most representative and the most humorous floats.

The complete program is as follows: Wednesday, November 30, 3 p.m., school of speech homecoming in the president's suite. Production of "Enter Madame."

Thursday, December 1, 4 p.m., English department reunion and tea in the Women's Residence Hall; 6:30 p.m., Varsity Club banquet; Ambassador; 8 p.m., college of music homecoming; 9 p.m., men's homecoming banquet; 10 p.m., dance, basketball pavilion, campus.

Friday, December 2, noon, golf luncheon, Brentwood Country Club; 1 p.m., golf tournament for alumni; 2:30 p.m., women's football dinner, Women's Residence Hall; men's football dinner, basketball pavilion; 9 p.m., rally, board Auditorium on campus; 10 p.m., dance, basketball pavilion, campus.

Saturday, December 3, 1 p.m., Trojan homecoming parade; 2:30 p.m., football game, Coliseum, University of Southern California vs. University of Washington; 5 p.m., all-university and alumni dance, "Club," for students, faculty and alumni.

RUM PLANT EXPOSED BY STILL BLAST

Mansion on North Kingsley Drive Revealed as Liquor Warehouse and Distillery

What Hollywood police believe to have been a source of the film colony's liquor supply went glimmering yesterday when a still in the basement of a supposedly vacant mansion at 1885 North Kingsley Drive exploded with a report that was heard for many blocks. A moment later a man was seen to run from the house, leap a high fence and flee from the scene in an automobile.

The officers reported that they found that twelve of the twenty rooms had been used in the manufacture of liquor, approximately 200 cases of liquor being found. Another still of 100-gallons capacity was reported found in the house with more than 200 gallons of mash.

Residents of the neighborhood expressed surprise and indignation. Men frequently had been seen entering and leaving the house, they told police, but there was nothing about the mansion that suggested they were bootleggers. Neighbors supposed, they said the visitors were rum runners growing prospective tenants the property.

Police, who late yesterday had been unable to learn the identity of the owner of the property, estimated the damage caused by the blast at several thousand dollars. The market value of the confiscated liquor, at booting prices, is \$10,000.

Speeder Given Three-Day Term

Speeding fifty-five miles an hour in a five-minute zone was sufficient to cause Albert Smith of 1317 Manhattan street to be sent to the City Jail yesterday for a three-day term by Municipal Judge Valentine.

The defendant pleaded guilty to the speeding violation, which occurred on the 22nd inst. at Vermont avenue and Beverly Boulevard.

EXPLOSION TO BE SPEAKER

Dr. Loye Holmes Wirt will be the principal speaker at the regular Tuesday luncheon of the Advertising Club at the Biltmore at noon. His subject will be "The Future of the Pacific Basin." Dr. Wirt is a fellow of the Royal Geographical Society and an explorer. John W. Kemp will deliver the five-minute success talk. His subject will be Long Bell Lumber Company Advertising. Fairfax Crosby, attorney, will be chairman of the day.

TRIBUTE PAID BUSINESS MEN

(Continued from First Page)

and no place to put them," he declared. The same condition obtains in China, except that the death rate still is great, though Mr. Rockefeller is doing his utmost to cut it down.

"Immigration and war, the two former solutions for population pressure, no longer offer a means of reducing the number of people in these countries. The world is too small for emigration and in China, especially, it would have little effect, other than to increase the population still more. For if any perceptible portion of the inhabitants move away that would make more food available for those remaining and the death rate would be proportionately decreased, since starvation today is one of that country's chief difficulties."

HOPE IN INDUSTRY

"The one solution which seems practical in Japan is industrialization, such as has taken place in England and Belgium. In England and Belgium, coal and iron exist side by side, and in Japan they must be brought from China. Therefore, an industrialization of Japan depends directly upon a safe, easy and continual access to these resources of China. Either through domination or treaty arrangements it may be possible for Japan to get these commodities."

Dr. Aurelia Henry Reinhardt, president of Mills College, in addressing the institute, declared that the increased number of organizations devoting their attention to international problems, and the growing interest on the part of the general public in world affairs is gratifying to those trying to promote better international understanding.

Many of the institute delegates did not arrive in time for the round-table discussion today, but will be present tomorrow. The program has been so arranged that the same topics are discussed each day and the delegates rotate in order to take them all in. The general conference speakers tomorrow will be Paul Scharrenberg, secretary-treasurer of the California State Federation of Labor; Robert H. Cleveland, acting president of Occidental College; and Dr. Waldemar, representing the American Scandinavian Foundation.

BAR SECRETARY PUT UNDER FIRE

(Continued from First Page)

to the Volstead law, passed for its enforcement.

"If an attorney sworn to uphold the law openly boasts that he takes every opportunity to break a law against the Constitution of the United States he deserves to be disbarred," said Dr. Brown.

The speaker of the morning was Dr. Brigleb, who said that the three besting sins of the people of the United States are luxury, lust and lawlessness. He said that the Polson outbreak was symptomatic of the general condition of the country and was evidence of the lack of discipline of youth.

Dilatant at length on sin No. 3, Dr. Brigleb declared that 50 per cent of college women graduates are unmarried and that the progeny of those who are married is limited.

"The decay of every nation in history is preceded by a revival of interest in feminine rights," said the speaker. "It may be all right for women to vote but I would to God they had a little more of the old-time religion."

THE LANCER

(Continued from First Page)

all had been healthy babies; as little shavers had good teeth; learned to walk and talk very early, and had marked social instincts.

In other words they came of good stock. You can't successfully breed from scrub stock in people any more than cattle.

Judge Steps Out of Speed Case

Recognizing a reckless-driving case before him as the outgrowth of an accident he had witnessed several weeks ago, Municipal Judge Decker of Van Nuys yesterday disqualified himself from hearing the action and transferred it to another division.

As a result, Municipal Judge Valentine will conduct the trial of James O. Rogers, 45 years of age, of 4114 West Fourth street, Long Beach, in the City Traffic Court tomorrow.

Rogers is asserted to have been driving at a high rate of speed on San Fernando Boulevard when he struck a smaller car, overturning it into a ditch. Judge Decker was a short distance away when the crash occurred.

WEDNESDAY MORNING.
BUILDERS' SHOW WORTH SEEING
Shrine Auditorium Display Full of Interest
Real Revelation in Exhibit of Local Products
Latest Ideas in Equipment Attract Attention
(Illustration on Picture Page)
Exhibitors at the first annual Builders' Exposition of Southern California yesterday welcomed visitors to the Shrine Civic Auditorium with a display of local products which was revealing in its diversity. Everything from the foundation to the roof is shown, and many local merchants have joined with the builders in displays of furniture.
One of the most attractive displays is that of the gas companies. The Los Angeles Gas and Electric, Southern California and the Southern Counties Gas Companies have united in a beautiful tiled model kitchen, equipped with a combination gas range and refrigerator.
LATEST WINKLES
Miss Allobach, general director of home service departments for the six districts of the Southern Counties Gas Company, is in charge and with an assistant is showing what modern culinary equipment can do in producing interesting dishes. Six large booths have been taken by the gas companies and every type of gas heating fixture is on display.
Other interesting exhibits are those of the shingle companies. At one booth is a full display of cedar shingles of various sizes and thicknesses and near by is a large exhibit of manufactured roofing. Among these exhibitors are the West Coast Lumber Company and the Weaver-Henry Company.
An anti-terminator company reveals the ravages wrought by termites and white ants, regarding which there is growing alarm in California. The exhibit contains several jars of this particular variety of pest, giving visitors an opportunity to recognize it on sight.
TILES FOR EVERYTHING
Tiles of all kinds, from beautifully colored types for fireplaces to a practical substitute that is being introduced for floors, drain-boards and stairs are on display. Among those exhibiting are the Tula Tile Works, Arizona Terra-Cotta Company and the American Encaustic Tiling Company.
Individual booths of Western Biltmore Ventilators, Sanitary Milk Cabinet, Puritas drinking water, the Bureau of Water and Power, Clear Lake Lath Company, Reddy Water Softener Company, H. W. Cowan kitchen cabinet and many other interesting displays drew crowds of home owners and prospective builders.
The exposition will run through the week. It will open each afternoon at 2 o'clock and continue throughout the evening. Each evening will be devoted to some particular branch of the building trade. A delegation of builders from San Francisco is expected to attend.
DIX BACK AT STUDIO FOLLOWING ILLNESS
Richard Dix, cinema actor, yesterday returned to work at the Paramount studio following an illness of a week. He was forced to delay production on his current picture due to an attack of influenza. Because of his weakened condition, Mal St. Clair, his director, stopped "shoot" several hours earlier yesterday and sent Dix home.
BUILDING STAFF PRAISED
Los Angeles Federal Building attaches keep the structure in better condition than is the case with any other United States building in the West, according to a report yesterday by E. R. Putnam, inspector of Federal buildings, here on his annual inspection. The inspector joined with officials in the building in praising the attaches for their work.
FEAGANS INJUNCTION
Judge Tappan in Superior Court yesterday declined to issue a temporary restraining order to prohibit the police from interfering with Feagans' auction sales, and dissolved a temporary restraining order granted weeks ago by Presiding Judge Burnett in ex parte proceedings. In this view Judge Tappan concurred, and the injunction was denied.
PETITIONS SEEK TO HAVE COMPANY DECLARED INSOLVENT
Petitions seeking to have Feagans & Co. declared in involuntary bankruptcy were filed yesterday in United States District Court by three wholesale jewelry companies. The creditors asking for the action and the amounts they assert are due are as follows: Morgan & Allen Company, \$5251; National Silver Deposit Ware Company, \$529; Kelloway-Ide Company, \$264. The three companies assert that the accounts have been due for two years and are unpaid, and that Feagans & Co. committed acts of insolvency by transferring certain stock valued at \$3000 to a creditor in one instance, and \$2000 worth in another; also that the company paid various amounts, ranging from \$1355 to \$1770 to a local bank during July and August, last.
COURT KICKS INJUNCTION PROP FROM UNDER SLOT MACHINE
A slot machine that sells gum, and sometimes yields a "slug" for more gum, is a gambling device, Judge Tappan, in Superior Court ruled yesterday, when he threw out of court the suit of James A. Pike for an injunction to restrain the police from interfering with slot machines.
Pike had obtained a temporary restraining order in ex parte proceedings last week. The police now are free, however, to force him out of business.
The city, through Deputy City Attorney Herman Mohr, argued that these slot machines sometimes give away "slugs," good for merchandise, in addition to the regular sale of gum, they constitute the paraphernalia of a game of chance. Upon citing cases wherein slot machines have been held in other jurisdictions, he prevailed upon Judge Tappan to sustain a demurrer to Pike's complaint. The demurrer was sustained without leave to amend, which puts an end to that suit.

Bullock's Linen Room, Second Floor
Bring the Kiddies to Bullock's Treasure Cove. Surprise Treasure Packages, 50c each. Toys—Bullock's Sixth Floor.

It's a Pity To Stay Fat

In these days

Don't do it, when so many have found the right way to reduce. You are them in every circle—happy, healthy people who have lost that burden in an easy, pleasant way.

Since the year 1907, people have been fighting excess fat by scientific methods. They combat the cause. Were fat as common as it once was the dress styles of today could never have come into vogue. The modern method is embodied in Marmola's prescription tablets. Over 25 million people have used them for twenty years—millions of homes of them. Now you see the results whenever you look. Why not enjoy them yourself?

Users of Marmola are not forced to abnormal exercise or diet. Moderation helps, but starvation is taboo. One simply takes four tablets daily until weight comes down to normal.

Every box of Marmola contains the formula, also the reasons for the many good results. You know just what you are taking and how you get the effect. You will have no fear of Marmola when you know the scientific facts.

Go get a box today. Learn how it acts, and why. Then watch the results in new vitality and loss of weight. They will come to you. You can do so much good to people who are overweight.

Marmola's prescription tablets are sold by all druggists at 11¢ per box. They are made in the U.S.A. and are as safe as salt. **MARMOLA** Prescription Tablets. The Pleasant Way to Reduce.

WHAT A BEAUTIFUL BATH—AND SO DIFFERENT! WHO DID IT?
YES, ISN'T IT CHARMING? IT'S ONE OF THE PAPICO NU-MODE BATHROOMS!!

TODAY, refinement has placed a taboo on the old-fashioned bathroom of yesterday. Bathrooms for a modern home are now being designed with the same care and artistic taste that is demanded in the furnishing of the other rooms.

ARRANGEMENT and design of fixtures are sought to add beauty to utility, and color decorations are used to convert the cold and unattractive to warmth and cheerfulness. Architectural consistency is desired in all types of homes.

ARCHITECTS, Contractors, Builders and Home Owners are now offered the services of the new Papico Nu-Mode Bathrooms Department as an aid in planning and designing bathrooms of distinction and beauty for all styles of homes.

OUR artists and designers will submit sketches conformable to your ideas, our Estimating Department will quote you prices, and our Contracting and Construction Departments will assume all responsibility of decorations, fixtures and installation.

Aged Slowly

CONNOISSEURS of rare old wines know that slow ageing has much to do with the full mellow bouquet they prize so highly.

Makers of cheap extracts—they are not cheap in the long run—cannot wait for their products to age properly.

Slow ageing has much to do with the preference of the discriminating for Burnett's flavors.

Joseph Burnett Company, (est. 1847)

BURNETT'S VANILLA
Flavor Makes the Dessert

SOCIETY

BY JUANA NEAL LEVY

One of the lovely affairs of the day will be the luncheon and bridge with which Mrs. Georgia Keating Kennedy of Rhode Drive, Beverly Hills, is entertaining this afternoon at Club One Del Mar, Santa Monica, fifty guests having been bidden.

Mrs. Kennedy is planning a trip abroad early in April and this affair is given partly in farewell to her many friends as after the first of the year she will be busy getting her house in order to leave. Fall decorations in flowers and foliage will be used on the luncheon tables and after luncheon bridge will be featured.

Luncheon Party
Mrs. Alfred Olmstead was hostess Thursday, the 17th inst., at a bridge luncheon with which she entertained at the Chapman Park Hotel, her guests including Mrs. H. P. Hubbard, Mrs. Ferdinand Gay, Mrs. Charles Warner, Mrs. Paul Hill, Mrs. Frank Gaudier, Mr. Bernard Cavanaugh, and Mrs. J. M. Hall.

Charity Bazaar
The annual charity bazaar given by Westlake School for Girls, will this year be held Saturday, December 10, at the Hotel Normandie Hotel, her guests including Mrs. H. P. Hubbard, Mrs. Ferdinand Gay, Mrs. Charles Warner, Mrs. Paul Hill, Mrs. Frank Gaudier, Mr. Bernard Cavanaugh, and Mrs. J. M. Hall.

House Hunting Made Easy Through Times Ads

Of Interest to Women.

BRIDGE-TEA FOR BRIDE-ELECT BULLOCK'S DISPLAYING LOCAL SILK

Smart Affair Held at Beverly Hills Home

Westlake Junior College students will have the "Gift Shop," which will include many work, toilet articles, hair-care and other novelties, and Miss Lucille Campbell and Miss Marion Pennington will provide. Miss Jeanette McCollum, Miss Jean Foster, Miss Barbara Hardsy and Miss Virginia Oliver will sponsor the candy booth, for the seniors of the preparatory school.

The always popular "Ice cream and cake booth" will be in charge of Miss Betty McCall, Miss Betty Hastings, Miss Georgia Crowell and Miss Janice Haydon, for the juniors. The sophomore will have the toys and the "Fish pond," over which Miss Margaret Sayre, Miss Jean Douglas, Miss Betty Fraser and Miss Carolyn Kirsch will preside.

The coffee and sandwiches will be dispensed by the freshmen, under the direction of Miss Nancy Stafford, Miss Elizabeth Colver, Miss Shirley Douglas and Miss Janet Dines. Miss Dorothy Ward, Miss Isabelle Dike, Miss Virginia Jones and Miss Betty Miller, representing the eighth grade, will be in charge of the flower booth. A continuous program of music and readings will be given in the afternoon in the drawing room open to all guests.

Re Route Home
Sailing aboard the Leviathan after four months traveling abroad are Mr. and Mrs. Frank Mueller and their attractive daughter, Miss Frances Mueller. They docked in New York yesterday and after a brief sojourn there will come directly home. During their visit in Paris they stopped at the Hotel Continental, and they were for some time in California taking the cure there, later visiting in Berlin, Vienna and other cities of Central Europe.

Week-End of Arrivals
The Thanksgiving holidays and week-end at Arrowhead Springs Hotel were the occasion of the gathering of many interesting people at the fashionable resort. The Thanksgiving evening dinner dance was made colorful by the presence of the Duke University football team from Des Moines, Iowa, which remained at the springs until Saturday morning, just before Saturday's game at the Coliseum.

Among guests at Arrowhead Springs for the Thanksgiving holidays were Mrs. Harriet Barker and Mrs. I. L. Gillette, of Hollywood; Mr. and Mrs. W. E. Conner, Mr. and Mrs. Frank Griffith, Mr. and Mrs. J. E. Conley, Mr. and Mrs. Raymond Swartz, Mr. and Mrs. Robert Ogden, Miss Bobby and Helen Meyer, Mrs. J. J. Meyer, Mrs. J. O'Leary, Mr. and Mrs. M. H. Price, Mr. and Mrs. Frank O'Connell, Mrs. Arthur Burns, Miss Florence L. Eastwood, Aldrich R. Post and C. Ralph Sweeney, Mr. and Mrs. George M. Edwards and Miss Harriet Manierre, Mr. and Mrs. John A. Woodward, Mr. and Mrs. George E. Clenden, Mr. and Mrs. Harry Bruce Holm, Mr. and Mrs. C. Louis Conrad, and Mrs. C. D. Chessman, Mrs. T. H. Smith, Mrs. Ida DeLoe, Grace and Daisy DeLoe, Mr. and Mrs. A. J. Johnson, all of Los Angeles; Mr. and Mrs. Leroy Herbert and Miss Marion Herbert, of Beverly Hills; G. S. Camarero, of Honolulu, Mr. and Mrs. George E. Edwards and Mrs. C. S. Raymond of Santa Barbara; F. M. Hunter, Mrs. Cora Austin Barker, Mrs. Fred C. Housh, Mr. A. F. Main and Miss Lottie Main of Pasadena; Mr. and Mrs. C. E. Stoner of San Gabriel and Mr. and Mrs. R. O. Young of San Diego.

Tea Dance
The girls of the Non Nobis Solum Society of the Orion School gave a "Thanksgiving" dinner for charity Saturday afternoon at the school, 1265 South Manhattan Place. The affair was a success both socially and financially and the charity treasury of the society has now a goodly sum for Christmas donations. The officers of the club are Virginia Haworth, president, and Kathleen Spencer, treasurer; Mary Beckley Deane, Miss McKenna, and Ida McKenna served on the executive committee for the dance, and Miss Katherine Reed is hostess.

Cards of Invitations
Mrs. Howard Hermann is entertaining today with a luncheon at her home, 3221 Delaware Avenue, honoring Mr. and Mrs. Shen Pang, whose wedding was an event of Saturday, the ceremony taking place at the home of Mrs. Rudy Perius, 443 South Hartford Avenue. Mrs. Pang formerly was Miss Bertha Lutz of the Young Women's Christian Association staff in Honolulu. The guests included Mr. and Mrs. Charles Robins, Mrs. Anna Hook, Mrs. Havel Curran, Mrs. Rudy Perius, Mr. and Mrs. Shen Chun and the guests of honor.

Gene East
Mr. and Mrs. W. Sumner Holbrook, Jr., of 330 South Lucerne Boulevard, left Friday for several weeks' visit in the East. Mr. Holbrook, deputy county counsel, has a case before the Supreme Court of Washington, December 6, and will return home planning a visit to New York, and on to Boston for the Christmas holidays, visiting with Mrs. Holbrook's parents. They will return home about the first of January.

Home From Honeymoon
Mr. and Mrs. E. Eddie Shenberg, whose wedding was an event of the month, have returned from a brief honeymoon trip in San Francisco and are at home to their friends at 324 South Catalina street.

Mrs. Shenberg formerly was Miss Helen Galsworthy of Denver, Colo., and made her home with her sister, Miss Jean Galsworthy, at 230 South Catalina street.

The wedding ceremony took place at the home of the bridegroom's brother, Nathaniel E. Shenberg, 3589 San Marino street.

Marriage Announced
The marriage of Miss Helen Olton Price to Paul Henry Toy, bride and groom, will be celebrated at the church of the Angels at 4 o'clock, just at twilight. Miss Natalie Woodward will assist as maid of honor, Mrs. Charles Russell (Helen Toy) mother of the bride, Miss Dorothy Toy and Miss Eva Joe John, bridesmaids, and Marilyn Smith, flower girl.

Charity Recital
An unusually attractive recital will be given on Saturday afternoon at 2 o'clock, December 6, at the Girls' Collegiate School in Glendale. The recital will be given by the students of the school, and the proceeds will be for the benefit of the school.

Miss Ann Rork

One of the smart affairs of the season was the bridge-tea for the bride-elect of Miss Ann Rork, which was held at her home, 324 North Maple Drive, Beverly Hills, Saturday afternoon. The affair was a success both socially and financially and the charity treasury of the society has now a goodly sum for Christmas donations.

The always popular "Ice cream and cake booth" will be in charge of Miss Betty McCall, Miss Betty Hastings, Miss Georgia Crowell and Miss Janice Haydon, for the juniors. The sophomore will have the toys and the "Fish pond," over which Miss Margaret Sayre, Miss Jean Douglas, Miss Betty Fraser and Miss Carolyn Kirsch will preside.

The coffee and sandwiches will be dispensed by the freshmen, under the direction of Miss Nancy Stafford, Miss Elizabeth Colver, Miss Shirley Douglas and Miss Janet Dines. Miss Dorothy Ward, Miss Isabelle Dike, Miss Virginia Jones and Miss Betty Miller, representing the eighth grade, will be in charge of the flower booth. A continuous program of music and readings will be given in the afternoon in the drawing room open to all guests.

Re Route Home
Sailing aboard the Leviathan after four months traveling abroad are Mr. and Mrs. Frank Mueller and their attractive daughter, Miss Frances Mueller. They docked in New York yesterday and after a brief sojourn there will come directly home. During their visit in Paris they stopped at the Hotel Continental, and they were for some time in California taking the cure there, later visiting in Berlin, Vienna and other cities of Central Europe.

Week-End of Arrivals
The Thanksgiving holidays and week-end at Arrowhead Springs Hotel were the occasion of the gathering of many interesting people at the fashionable resort. The Thanksgiving evening dinner dance was made colorful by the presence of the Duke University football team from Des Moines, Iowa, which remained at the springs until Saturday morning, just before Saturday's game at the Coliseum.

Among guests at Arrowhead Springs for the Thanksgiving holidays were Mrs. Harriet Barker and Mrs. I. L. Gillette, of Hollywood; Mr. and Mrs. W. E. Conner, Mr. and Mrs. Frank Griffith, Mr. and Mrs. J. E. Conley, Mr. and Mrs. Raymond Swartz, Mr. and Mrs. Robert Ogden, Miss Bobby and Helen Meyer, Mrs. J. J. Meyer, Mrs. J. O'Leary, Mr. and Mrs. M. H. Price, Mr. and Mrs. Frank O'Connell, Mrs. Arthur Burns, Miss Florence L. Eastwood, Aldrich R. Post and C. Ralph Sweeney, Mr. and Mrs. George M. Edwards and Miss Harriet Manierre, Mr. and Mrs. John A. Woodward, Mr. and Mrs. George E. Clenden, Mr. and Mrs. Harry Bruce Holm, Mr. and Mrs. C. Louis Conrad, and Mrs. C. D. Chessman, Mrs. T. H. Smith, Mrs. Ida DeLoe, Grace and Daisy DeLoe, Mr. and Mrs. A. J. Johnson, all of Los Angeles; Mr. and Mrs. Leroy Herbert and Miss Marion Herbert, of Beverly Hills; G. S. Camarero, of Honolulu, Mr. and Mrs. George E. Edwards and Mrs. C. S. Raymond of Santa Barbara; F. M. Hunter, Mrs. Cora Austin Barker, Mrs. Fred C. Housh, Mr. A. F. Main and Miss Lottie Main of Pasadena; Mr. and Mrs. C. E. Stoner of San Gabriel and Mr. and Mrs. R. O. Young of San Diego.

Tea Dance
The girls of the Non Nobis Solum Society of the Orion School gave a "Thanksgiving" dinner for charity Saturday afternoon at the school, 1265 South Manhattan Place. The affair was a success both socially and financially and the charity treasury of the society has now a goodly sum for Christmas donations. The officers of the club are Virginia Haworth, president, and Kathleen Spencer, treasurer; Mary Beckley Deane, Miss McKenna, and Ida McKenna served on the executive committee for the dance, and Miss Katherine Reed is hostess.

Cards of Invitations
Mrs. Howard Hermann is entertaining today with a luncheon at her home, 3221 Delaware Avenue, honoring Mr. and Mrs. Shen Pang, whose wedding was an event of Saturday, the ceremony taking place at the home of Mrs. Rudy Perius, 443 South Hartford Avenue. Mrs. Pang formerly was Miss Bertha Lutz of the Young Women's Christian Association staff in Honolulu. The guests included Mr. and Mrs. Charles Robins, Mrs. Anna Hook, Mrs. Havel Curran, Mrs. Rudy Perius, Mr. and Mrs. Shen Chun and the guests of honor.

Gene East
Mr. and Mrs. W. Sumner Holbrook, Jr., of 330 South Lucerne Boulevard, left Friday for several weeks' visit in the East. Mr. Holbrook, deputy county counsel, has a case before the Supreme Court of Washington, December 6, and will return home planning a visit to New York, and on to Boston for the Christmas holidays, visiting with Mrs. Holbrook's parents. They will return home about the first of January.

Home From Honeymoon
Mr. and Mrs. E. Eddie Shenberg, whose wedding was an event of the month, have returned from a brief honeymoon trip in San Francisco and are at home to their friends at 324 South Catalina street.

Mrs. Shenberg formerly was Miss Helen Galsworthy of Denver, Colo., and made her home with her sister, Miss Jean Galsworthy, at 230 South Catalina street.

The wedding ceremony took place at the home of the bridegroom's brother, Nathaniel E. Shenberg, 3589 San Marino street.

Marriage Announced
The marriage of Miss Helen Olton Price to Paul Henry Toy, bride and groom, will be celebrated at the church of the Angels at 4 o'clock, just at twilight. Miss Natalie Woodward will assist as maid of honor, Mrs. Charles Russell (Helen Toy) mother of the bride, Miss Dorothy Toy and Miss Eva Joe John, bridesmaids, and Marilyn Smith, flower girl.

Charity Recital
An unusually attractive recital will be given on Saturday afternoon at 2 o'clock, December 6, at the Girls' Collegiate School in Glendale. The recital will be given by the students of the school, and the proceeds will be for the benefit of the school.

Excellent Weaves in All Colors Specially Priced for Holiday Gifts

Local patriotism has found expression in Bullock's special showing of silks made in our own silk mills.

Probably you have received mailed samples, awaiting to be returned and if so or if not so, you will be interested in visiting the silk section at this holiday service store, for you will think that the whole Pacific Ocean has been transplanted into Bullock's. The silks are made in our own silk mills, and they are made in our own silk mills.

Appreciative of the excellence in these weaves, Bullock's gave a special order to the silk mills, and the result is a collection of silks that are made in our own silk mills, and they are made in our own silk mills.

Your occasion, this should be, since all should prove their loyalty to our own products, and especially when these products are of such quality as to be so good.

Your occasion, also, and the occasion to credit yourself and Los Angeles, with your friends, for a dress of California sunshine silk, or sufficient for a set of lingerie, or for a lovely negligee, will prove an unforgettable gift.

Prices in this special sale are so low that one may afford two gifts at the cost of one. Moved in one of the celebrated Bullock's Christmas houses, such silks will prove a loyal gift.

Make Them Fit
If the candles are just what you want, get a little more for your sticks, buy them anyway and make them fit. Put about an inch of water in a saucer and place on the candle in the saucer and let it melt. Then with a piece of cloth twist the end around until it is small enough to fit into the holder.

Sound Auction
By Wilbur C. Whitehead
The World's Greatest Authority...

Each day we shall publish a complete hand presented by Mr. Whitehead, together with a chart upon which the bidding and play may be noted. These hands may be played with cards by one, two, three or four players, before filling in the chart.

Tomorrow we shall publish Mr. Whitehead's explanation of today's hand, with the important features emphasized.

Fill out your own chart and compare it tomorrow with Mr. Whitehead's method. Do this each day and carefully read Mr. Whitehead's explanation, and you will find that your knowledge of the game will progress rapidly. Compare your bidding and play with that of your friends—the comparison may be illuminating.

Record the bids that each player makes. The bids that each player makes. The bids that each player makes. The bids that each player makes.

Proved by millions the wide world over... Postum brings sure relief from caffeine's ills

It's easy for you to prove it, too! In place of caffeine beverages, drink Postum for thirty days. You'll agree that, despite the swarms of imitations, there is nothing else like it! No other cereal drink so deliciously flavored—so easy to make. You will experience prompt, sure relief from all the ills that follow habitual indulgence in caffeine beverages. Relief from sleeplessness, nervousness, headache, indigestion!

Postum is made of whole wheat and bran, skilfully blended and roasted. A full-bodied, appealing drink! A drink you can enjoy every meal of the day with only the best effects! No drugs, no artificial stimulants in Postum!

Your grocer has Postum in two forms—Instant Postum, prepared instantly in the cup, and Postum Cereal, the kind you boil. Order today—try Postum!

Ask your grocer about entering Postum's \$10,000 prize letter contest, or write the Postum Company, Inc., Battle Creek, Mich., for full instructions.

Postum

To Wives of Business and Professional Men

Here's the \$34,431.25 Plan for \$50 a month investment

Substantial fortunes are being built from monthly savings and the wives of busy executives are indicating the way.

Under this plan, \$50 invested monthly will become \$34,431.25 in 25 years. Only \$15,000 is actually paid in \$19,431.25 in interest is added. The total will provide an extra income of \$172.17 a month without reducing the \$34,431.25. \$50 a month becomes \$3292.17 in 10 years or \$14,522.59 in 15 years.

Use this easily accumulated fund for retirement—or for long-awaited pleasure, trips, etc.

Now, more than ever, it is up to you. Send for details of this, a wonderful plan to fit in with your varied life. No obligation. Phone, call or write the Investment Building on Loan Association, 1031 South Broadway, WEATHERS 6251.

SCIENTIST CITES RELIGION PROOF

Church Lauded by Sorensen, Noted Electrical Man

Says Organization Greatest Constructive Force

Pasadenan Avers Research Aids View of Life

By a "Times" Staff Correspondent PASADENA, Nov. 28.—The church has been in past ages, and still is, the greatest constructive organization that ever was devised, despite the many blunders made by its members, Prof. R. W. Sorensen, noted scientist and head of the electrical engineering department of the California Institute of Technology, said today.

Prof. Sorensen is active in the affairs of the First Baptist Church of Pasadena and is one of those who believes that science cannot supersede religion or deflect it from its true course, despite the efforts of many on both sides of the question to show evidence of such conflict.

"Scientific education and practice in the fields of electrical engineering, one of the applied sciences, has convinced me that these professions have clear thinking and accurate analysis of life's problems," Prof. Sorensen said today. "I have, however, never been convinced that professional ethics can be made a proper substitute for the teachings of Christ."

Prof. Sorensen believes in taking active part in church affairs and has taught numerous Sunday-school classes, has been superintendent of the Sunday-school, has been chairman of the board of trustees of the First Baptist Church and has been chairman of its advisory board.

He was the first scientist to design a practical system for the generation of a 1,000,000-volt current in a laboratory and is the author of numerous scientific treatises.

Court Decides Against Aged Women

Dolores Serrano and Mario de Los Angeles Serrano

DAUGHTERS OF OLD DON LOSE SUIT

Title of Ranch Foreman to Lot Deeded Him Out of Gratitude Held Valid

Alfonso Vinas, Ventura ranch foreman, did not get property of his two aged great-aunts by fraud, but evidently was deeded their holdings by them in gratitude for looking after them and aiding them during a long period of years, Superior Judge Beecher held yesterday. He decided against the plaintiffs, Maria de Los Angeles Serrano, born in 1843, and Dolores Serrano, born in 1847, in the suit brought against Vinas to set aside a deed to a lot in the Helman Sixteenth-street tract in 1922.

According to the court, evidence indicated Vinas had come to the aid of the aged couple when they had the lot and no means of support. In 1914, that he paid the taxes, paid off the mortgage and gave them money for food and clothing when the lot, all they owned, was of very low value. Now it is valued at \$35,000.

The court held that the evidence established the contention of Vinas and not the contention of the plaintiffs that Vinas took advantage of the feebleness of the aged couple.

The aged couple was surrounded by a group of distant relatives who assisted them in the suit, appeared unperturbed by the decision, which includes an order that they be looked after as provided in the deed.

They are the daughters of the late Don Serrano, who owned the huge Temescal ranch in San Bernardino, but who could not prove his title. The property was turned over to settlers many years ago by the government.

Prompt Action Saves Life of Young Matron

The prompt action of a drug store proprietor at 8021 Santa Monica Boulevard Sunday night saved Mrs. Agnes Robinson, 22 years of age, 800 Clark street, Sherman, from ending her life, according to reports filed at the sheriff's office yesterday.

Mrs. Robinson entered the drug store evidently suffering from some sort of poisoning. The drug store proprietor immediately called an ambulance and at an emergency hospital physicians found that she had swallowed a quantity of poison. After administering first aid the doctors predicted her recovery.

According to her sister, Mrs. H. L. Whittenberg of the same address, Mrs. Robinson has been in ill health and despondent for some time.

Insurance Man Crash Victim

Glaude C. Beyer, 46 years of age, an insurance salesman of 458 West Twenty-ninth street, was seriously injured when the car he was driving collided with one driven by Jack Cory, whose address was not obtained by police, at the intersection of Normandie avenue and Twenty-ninth street yesterday. Beyer was treated at the Georgia-street Receiving Hospital, his injuries being a fractured collar bone, two broken ribs and a possible spinal fracture. Cory was not held.

RULES FOR STATE-BAR TESTS TOLD

Local Member of Board Announces New Plan of Admitting Lawyers

Following the receipt of advice from Sacramento yesterday, John E. Bily, local member of the former Board of Bar Examiners, announced several changes in the procedure for the admission of attorneys to the California bar. Mr. Bily said he and the two other members of the old Board of Bar Examiners have been appointed members of the examining committee of the new self-governing bar association. The examining committee will assume the functions of the old bar examiners and will consist of seven members. The remaining four will be appointed at the next meeting of the bar, December 17.

According to Mr. Bily, new application forms can be obtained at his office in the Security Title Insurance Building. When the blanks are filled out they must be filed with the State Bar of California at 720 Mills Building, San Francisco, Mr. Bily said. Under the State system the three State Appellate courts had jurisdiction over the admission of attorneys in their respective districts. Under the new regulations, Mr. Bily said, applicants will be examined by the local members of the examining committee in the district where they live and the State Supreme Court will be notified of those who are successful in their tests. The oath can be administered by any court of record.

RUM DEMON HIDES IN CRIB AND CLOUDS

Cradle and Airplane on List of Contraband to be Sold by Authorities

By order of the United States District Court a biplane with a Hispano-Suiza motor will be sold at auction by United States Marshal Stittell, December 8, next, at 11 a.m., at Home Field, Arcadia. The biplane was seized and labeled in connection with smuggling operations.

On December 8, at 10 a.m., the marshal will sell under legal proceedings the steamship C. H. Lawrence, Jr., now at Berth 91, San Pedro. This vessel was seized in connection with arrests of rum-runners. A baby cradle, barrels, carboys and various pieces of apparatus, seized in a raid on bootleggers, will be sold at auction December 15, at 10 a.m., at 354 1-3 West Manchester avenue.

Veteran Leaves \$5000 Estate

James P. Scoville, who was found dead with a service revolver at his side at a camp in Lake county a few weeks ago, left an estate worth \$5000, according to a petition for letters of administration filed yesterday.

The hearing is in Judge Crail's court on December 18, next.

According to Attorney E. E. Noon, who filed the petition, Scoville had gone to the woods camp to recuperate from overwork. He left his widow and two small children. The weapon found by his side was one that he had brought back from France, where he served during the war.

Woman Brands Gossip's Tongue as Death Cause

"A man gossip is responsible for this," Leaving a note in these terse words, Mrs. Daisy Howard, 54 years of age, 8706 Beach street, ended her life by hanging herself from a pepper tree in the rear of her home Sunday night, according to reports on file at the sheriff's office yesterday.

The body was found by Harry Layley of the same address, who notified the authorities. The woman left several notes directing the disposition of her body and property.

Fire Prevention to be Theme at Dinner Tonight

Damage caused by the Topanga Canyon fire of this year and the realization that even worse fires are possible are responsible for the Hollywood Hills and Santa Monica Mountains Fire Prevention dinner, which will be held 6:30 p.m. today at the Beverly Hills Hotel. An effort will be made to start a unified program for fire protection in the district.

Although the dinner will be a small one, limited to 100 guests, it is expected to be representative. Arthur A. Bent will preside.

H. S. Gilman, president of the Angeles Protective Association, composed of communities lying along the edge of the Angeles National Forest, will be a speaker and tell of his organization and how it works in case of fire. S. B. Shaw, district forester, will speak on the necessity of forest fire prevention and of the work during fire. Other speakers will include: Dr. E. D. Merrill, director of the Southern California Botanic Garden; Chief Scott of the Los Angeles Fire Department; County Fire Warden Turner and others.

Second-Hand Sewing Safer by New Rule

Second-hand sewing machines were lifted out of the clutches of police suspects yesterday by formal action of the City Council. It appears that all second-hand dealers, with the exception of second-hand automobile merchants, are under the regulation of the Police Commission, and as such are subject to the inquiries of detectives.

Councilman Davis yesterday proposed an amendment to the ordinance covering the matter, thus putting the second-hand sewing-machine dealers in a way on their honor. Councilman Hall demanded information which, apparently, was not satisfactory, as he alone of the aldermanic body, voted against the ordinance.

CARUS AFFAIRS
BADLY TANGLED

Comedienne's Estate Tied Up
in Red Tape Skein

Divorced Spouse Appears as
Singer's Sole Heir

Holdings at Opposite Ends of
Nation Add to Snarl

First steps toward the untangling of red tape binding the estate left by Emma Carus Leopold, German comedienne whose Irish songs entertained audiences for more than thirty years, will be taken Thursday morning when Superior Judge Crali will rule on the petition of Leona Thurber, friend of the late vaudeville actress, for appointment as administratrix.

Miss Carus, who died this month in Casa Del Mar Sanatorium, where she had been confined for more than a year, following a Superior Court ruling of her mental incompetency, left an estate estimated at approximately \$163,000. The bulk of this estate is in New York and there exist the legal entanglements that must be straightened out before the estate can be administered. It is generally supposed by her theatrical friends that she had no close relatives living and the existence of even distant relatives is but guessed at.

DIVORCED SPOUSE
An outstanding angle in the tangles which ensnare the estate of the actress built by her work on the stage is the fact that her legal heir is J. Walter Leopold, for years her companion and for twenty-three days her husband. To him will go her entire estate unless relatives legally entitled to inherit are discovered in Germany, despite the fact that she was legally divorced by default from him prior to her death.

This strange situation is caused by the fact that a final decree was never granted Miss Carus. The closing of her last marital adventure was prevented when Leopold fled a motion picture for relief from default, to vacate

SALOONS HELD UNHINDERED

Liquor-Case Attorney Asserts Many Such Places
Operate at Full Blast in Heart of City

Probably thirty-five elaborately equipped saloons are operating day and night within a "stone's throw" of Pershing Square, Attorney Clarence H. Conlin declared yesterday at the hearing of a client in Municipal Judge Turney's court.

After testimony had been brought out by arresting officers to the effect that they had succeeded in making a purchase of liquor from Joseph Perri, asserted operator of a high-class rum dispensary at 818 North Broadway, the attorney made his remarks in the course of his efforts to procure leniency for the defendant.

"Your Honor, there is nothing unusual about this case," he said. "Right in the heart of the city there are a number of so-called soft-drink establishments operating at full blast and whose proprietors are more serious in the case."

The actor is a tall, handsome youth, most prepossessing in appearance. Although his screen experience has been limited to a few appearances in industrial safety films made by the Worcester Film Corporation, in Massachusetts, young Duryea is familiar to thousands of theatergoers through his appearance as Able in the New York production of "Able's Irish Rose," in which role he made himself one of the most popular personalities on Broadway.

In securing the part of the boy in "The Godless Girl," Duryea will portray one of the outstanding roles of the year, and he will choose him after one of his most exhaustive screen-test searches, has expressed the belief that he is a very valuable addition to the ranks of new screen faces.

Duryea will appear opposite Lina Bacquette in the picture, and Eddie Quillan, former Mack Sennett comedian, is the third member of the cast so far announced.

The gifted Francis Macpherson, "The Godless Girl," which is laid against a reform-school background.

AL ROGELL Buys Story
So many people have read "The Godless Girl" by Charles Francis Macpherson that it is not surprising to see that vivid story of crook life come to life on the screen.

AL ROGELL is the lad who is going to give the fans that choice of choice. ROGELL announced yesterday that he has bought the story, and will produce it, but whether for Charles H. Rogers or independently, he is not yet certain.

In any case, it means to give the big story its true value on the screen, choosing carefully the best and most suitable actors for the various roles.

And as though that were not enough, ROGELL has an option on the service of the author, Coe himself, to come West and aid in the research and in the technical phases of the story.

De Mille Players to Travel
A perfect epidemic of wanderlust has broken out at the De Mille studio, where no less than three prominent film folk, two stars and a director, yesterday let it be known that they are planning trips to Europe.

Marie Prevost, a star, is leaving for Europe, since she is an old traveler over there, and finds his greatest recreation away from the business path. There is a bare possibility the director may make a picture in Germany, as Mr. De Mille has given him permission to do so if he desires, but he thinks he will simply take a good rest.

Victor Varconi and Mrs. Varconi are anxious to visit old friends and relatives in Budapest and Paris, this being their first trip since Varconi made his mark in the film world here.

Wedding at Paramount
The wedding ceremony in "Able's Irish Rose" is to take place today at the Lasky studios, when Nancy Carroll as Rose and Charles Rogers as Able will be united in a civil ceremony.

The ceremony is to be solemnized by Rabbi Jacob Samuel and will be attended only by a few friends of the bridegroom. The ceremony will be conducted in a simple and unostentatious manner.

Constance Stays With United
All doubts as to what Constance Talmadge will do with her talents during the past several years were set at rest yesterday when Joseph Schepke announced that Constance will remain with United Artists.

Her first starring vehicle under her new contract will be "East of the Sun," by George Barr McCutcheon. Miss Talmadge leaves for New York this week and will not work again until January.

Korda to Direct Billie Dove
Running right along on high, Alexander Korda is going to direct Billie Dove in her next picture for First National. It became known yesterday, "The Heart of a Polka Girl" is the name of the picture, in case you have forgotten.

Korda directed Miss Dove's first stellar picture, "The Stolen Bride," but his latest directorial feat was "The Private Life of Helen of Troy," a big special production of the First.

FLASHES

STAGE ACTOR WINS

LEAD IN "GODLESS GIRL"
AL ROGELL'S "BUY"

BY GRACE KINGSLLEY

The agency is over at last, and the leading man has been chosen for Cecil B. De Mille's next feature picture, "The Godless Girl."

George Duryea, 22 years of age, a young stage actor who traveled 3000 miles across the continent to make a screen test for Cecil B. De Mille, has been awarded the lead role in the new De Mille picture for Pathé.

The actor is a tall, handsome youth, most prepossessing in appearance. Although his screen experience has been limited to a few appearances in industrial safety films made by the Worcester Film Corporation, in Massachusetts, young Duryea is familiar to thousands of theatergoers through his appearance as Able in the New York production of "Able's Irish Rose," in which role he made himself one of the most popular personalities on Broadway.

In securing the part of the boy in "The Godless Girl," Duryea will portray one of the outstanding roles of the year, and he will choose him after one of his most exhaustive screen-test searches, has expressed the belief that he is a very valuable addition to the ranks of new screen faces.

Duryea will appear opposite Lina Bacquette in the picture, and Eddie Quillan, former Mack Sennett comedian, is the third member of the cast so far announced.

Colorado Guardsmen Ready for More Trouble in Mine Strike Zone

Mining Property in Colorado Strike Zone was under National Guard protection as plans were being made to reopen many of the mines yesterday. This photo shows troops before one of the Columbine mine buildings where five were killed in battle last week. (P. & A. photo.)

In Anticipation of Another Attack by striking miners and I. W. W. forces every precaution has been taken by guardsmen to protect the Columbine property. Here's a machine gunner with his weapon, sweeping a watchful eye over property from point of vantage. (P. & A. photo.)

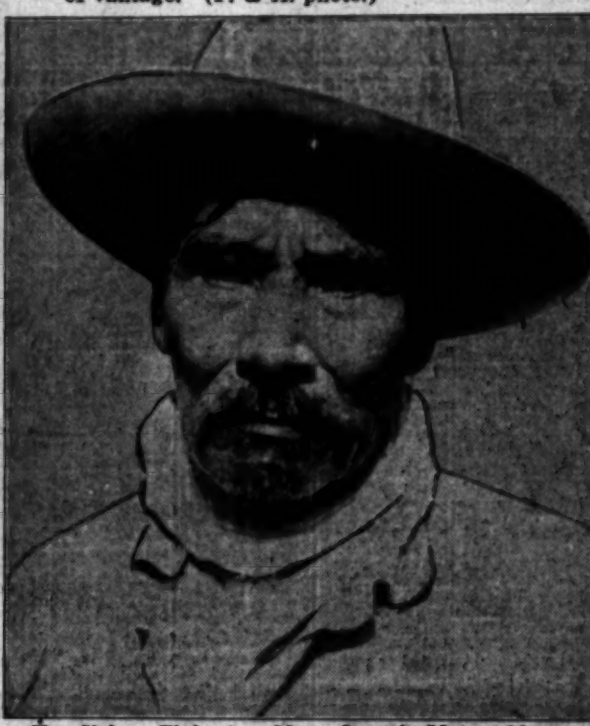

The Possibility of a Further Outbreak at Folsom Penitentiary is admitted by prison officials, who have redoubled vigilance in handling the situation. Warden Smith is shown above questioning convicts at the gate which thwarted death of a felon horde during the sanguinary revolt staged Thanksgiving Day. (P. & A. photo.)

The Companionate Bride of Kansas, the former Josephine Haldeman-Julius, 18-year-old daughter of well-known publisher, is caught by the camera above with her new husband, 20-year-old Aubrey Roselle, a short time after the ceremony was performed at Girard, Kan. (P. & A. photo.)

A Kansas Sheik is Richard Edelbute of Topeka, voted by the co-eds at Kansas University, as the "best all-around date" on the campus. He won without opposition. (Herbert photo.)

Too Sick to Fight Any More, Ignacio Matus, 82-year-old chief of the Yaqui Indians, surrendered with a force of 600 to Mexican Federal forces a short time ago. Chief Matus, who has waged war on the government for a half century, was taken to Mexico City. (Paramount News photo.)

Smart Little Mode for winter is this attractive and unassuming hat of light gray decorated with silver braid. It is designed for younger set. (P. & A. photo.)

One of the Heroes of the Folsom Riot, Guard Neil is recuperating in a hospital from gunshot knife wounds sustained in the first fierce fight. It is believed he will recover. Photo shows him at bedside of the courageous guard. (P. & A. photo.)

Ranges and Ice Chests Get Chummy in this day of conservation of kitchen space. The above combination gas range and refrigerator is displayed in the model kitchen at first annual Builder's Exposition at Shrine Auditorium. Miss Florence Clark is the lady. (Times photo.)

Disappointed is Lillie Dillenz, Viennese actress, who had hoped to be first woman to fly Atlantic. She was in Junkers plane damaged in Azores yesterday. (P. & A. photo.)

Lieut. Walter K. Burgess, Piloting an Army Transport Plane, arrived yesterday at El Tovar, Grand Canyon, Ariz., from Santa Monica to take up search by air for the missing Bray-Pathe motion-picture expedition, believed lost in treacherous waters of the canyon. Lieut. Burgess (left) with Lieut. Dean Farren and Fred Brown, as they left Clover Field above. (Times photo.)

Sorrowing Mother — Mrs. Josephine Brown shown above as she left Sing Sing prison, following visit to her doomed daughter, Mrs. Ruth Snyder. (P. & A. photo.)

Six White Oams led fifty priests in robes yesterday to the body of Bratiano, (above) former Rumanian dictator, to grave. (P. & A. photo.)

He's the Will Rogers of Mexico, this Pepe Elizondo, who dropped into Los Angeles last week to visit with a number of his prominent compatriots, among them Dolores del Rio, the motion picture star. Pepe and Dolores are shown above in shot taken at Hollywood studio.

OUR HISTORY IN PICTURES 885 Buffalo Bill, Scout of Scouts—Part XXVI The Opening of the "Pony Express"

by J. CARROLL MANSFIELD

BILLY CODY SPENT THE LATE WINTER AND EARLY SPRING OF 1860 AT HIS MOTHER'S HOME IN SALT CREEK VALLEY, KANSAS, RECOVERING FROM HIS TERRIBLE EXPERIENCE ON PRINCE CREEK.

IN APRIL, 1860, BILLY'S OLD EMPLOYERS, RUSSELL, MAJORS AND WADDELL OPENED THE CELEBRATED "PONY EXPRESS" LINE, A MESSENGER SERVICE SPANNING THE TWO THOUSAND MILES BETWEEN ST. JOSEPH, MISSOURI, AND SACRAMENTO, CALIFORNIA.

THE PONY EXPRESS OPERATED LIKE A RELAY RACE. FRESH HORSES WERE KEPT AT STATIONS STRUNG OUT FIFTEEN MILES APART ALONG THE ENTIRE ROUTE AND AT EACH OF THESE THE SPEEDING RIDER ONLY PAUSED LONG ENOUGH TO EXCHANGE MOUNTS.

EACH RIDER COVERED A ROUTE OF THREE STATIONS, OR FORTY-FIVE MILES, AND TRAVELING AS FAST AS HIS PONY COULD CARRY HIM, MADE THE "RUN" IN THREE HOURS.

COUNTY TO CURB ROAD WRECKERS AIR-SPRING DEAL UNDER SCRUTINY

Law Planned to Bar Tearing Up of New Pavements

Would Force Utilities Work Prior to Improvements

Question Arises Following Complaint of Citizen

The Board of Supervisors started action yesterday to compel public-utility companies to do all their tearing up of streets before permanent paving is laid in the territory subject to the board's jurisdiction. On the motion of Supervisor Graves, County Counsel Mattoon was directed to prepare and submit an ordinance to cover the situation. The matter came before the board through complaints made to the State Railroad Commission and George W. Jones, superintendent of county roads, by an enraged owner of property fronting on Malrose avenue. This complaint recited that shortly after the street had been paved with sixteen inches of concrete the Los Angeles Gas and Electric Company had torn up the paving to install service connections. This, it was declared, had caused the surface to be depreciated and had entailed a great deal of useless expense.

In defense the gas company related that it would have been glad to do its work before the paving was done but that failure of county officials to get out the necessary permits in time had made it impossible. Supervisor Graves said, however, that the records show the permits were issued last December, in sufficient time to allow the company to do its work ahead of the paving gangs.

"This is one of the greatest nuisances and one of the most useless causes of expense we have to contend with and if it can be controlled by an ordinance we certainly are going to control it," Supervisor Graves declared.

Postal Robbery Case Up to Jury

James Nelson Kelly, 23 years of age, arrested by Pasadena police on a charge of breaking into Postoffice Station A in Pasadena on the 19th inst., was turned over to United States Marshal Bittel yesterday and arraigned before United States Commissioner Head.

The young man waited hearing and was ordered by the commissioner to be held for the federal grand jury. According to postoffice inspectors, the youth obtained but a small amount in stamps.

Affairs of Corporation Draw State's Interest

Promoter and Wife Told to Produce Records

Anaheim Inventor Declared to Have Sold Out

An investigation of the affairs of the Seibel Air Springs Company, Inc., a California corporation with former offices at 800 Atchison street, Anaheim, is under way, it became known yesterday with the service of a subpoena on Mr. and Mrs. Henry Seibel, 208 South First street, Inglewood, ordering them to produce the books, stock records, sales reports and a list of the assets and liabilities of the corporation at the office of Corporation Commissioner Friedlander on Wednesday at 10 a.m.

According to Investigator Whittaker, who has been detailed on the corporation search for some months, the books are in a safety deposit box in a bank in Inglewood, where they were taken from Anaheim when the office there was closed last May. Efforts to locate Henry Seibel, president of the corporation, have proven futile.

WILL PRODUCE HUSBAND
Mrs. Seibel, asserts the investigator, holds the key to the deposit box and insists that her husband is in San Francisco, conferring with his attorney and secretary of the organization. E. M. Massey, the states attorney, said he will attend the hearing tomorrow and aid in explaining the many complaints that have been received over reputed stock sales in Los Angeles, Inglewood, San Francisco, Oakland, Santa Barbara, Montecito, San Luis Obispo, San Mateo, Atascadero and cities in Arizona.

Records in the office of the Corporation Commissioner reveal that a permit to sell 200,000 shares of stock at \$1 per share was granted the Seibel Air Springs Company, Inc., June 14, 1926, and that the permit was revoked February 2, 1927. Records also show that the officers and directors of the corporation in 1926 were Henry Seibel, Anaheim, president and director; J. Dunn, San Leandro, vice-president and director; E. M. Massey, San Francisco, secretary; C. A. Rheinhart, treasurer, and W. F. Gormley, Sacramento, director.

STORY OF ENTERPRISE
From information secured by investigators and records at the Corporation Commissioner's office here, Seibel arrived in Anaheim several years ago, where he and Mrs. Seibel lived at 800 Atchison street. Seibel stated he was the inventor of a patented air spring seat and expected to organize a company to build the seat and place it on the market.

The seat is said to be especially adapted to tractors and mowing machines and he had started his company with a reputed capital stock of \$150,000. The funds received were to be used in erecting a factory to produce the seats on a large scale. After a brief stock-selling campaign the capital figure was reduced to \$75,000, and later to \$15,000.

INVENTION IN USE
Residents of Anaheim, familiar with Seibel and his invention, state that the seat is successful and that many of them are in use in that section. Anton Schulte, 301 South Palm street, Anaheim, a neighbor of Seibel, states that the inventor returned to Anaheim early this year and announced that he had won his right and title to the spring seat for \$175,000 to a nationally known rubber company which proposed to build seats for the trade.

Some months ago, according to the investigators, the factory and office in Anaheim were closed and the machinery sold. At that time the records, books and stock lists of the corporation disappeared and were only located Saturday in Inglewood, following a diligent search.

BENEFIT OF ELECTRICITY CLUB TOPIC

Debaters Paint Picture of Chaos if Power Use Were Lost to World

Electricity has contributed more to the health, comfort and education of the human race than any other agency of modern science, according to the consensus voiced by seven prominent members of the Electric Club at a meeting conducted yesterday at the Biltmore.

The chaotic condition of the world, in case "electricity should be suddenly abolished," was pictured in addresses by R. L. Sawyers and Ralph U. Fitting, winners of the first and second prizes, respectively, and C. A. Dykstra, James Brown, O. G. Carter, A. W. Krueger and John Meade. The judges of the oratorical contest were L. F. Boerner, W. W. Kirk and O. S. Mandalay.

"Abolition of the use of electricity would precipitate a world crisis that would be more terrible than the World War," said Mr. Sawyers. "Practically all modern business, as well as the comforts of home and at public places depend upon the intelligent application of this tremendous force. Consider radio, alone, the greatest medium of entertainment and the greatest harmonizer of world problems."

Wife Must Name 'Other Woman'

Mrs. Theresa Gaster will have to go out and find the real name of the "Jean Doe," whom she saw she saw with her husband, William M. Gaster, if she wants to get a divorce in Judge Gaster's court. She appeared yesterday for trial of her case, but when Judge Gaster found out that there is no identification of the "other woman," other than "Jean Doe," he ordered the case continued until a more definite complaint can be drawn.

Mrs. Mary M. Atwater of Cambridge, Mass., operates a large beaver ranch in Montana.

SOVIET SUGAR EXPERTS HERE

On World Trip for Study of Manufacture

Visit Russian Industry State Monopoly

Envoys Plan to Purchase American Machinery

Three officials of the Sakharov, Moscow, the Soviet sugar industry in Russia, are in Southern California studying sugar manufacture. They arrived on the Union Pacific yesterday. Principally while here they will study the Onondaga plant of the American Beet Sugar Company, they are expected to visit other sugar plants, and after studies elsewhere, including San Francisco, they will leave for Hawaii. They are expected to visit the Onondaga plant, a study of sugar manufacture and affiliated purposes, they said.

In the party are E. V. Nekrashevich, Sakharov, vice-president; A. P. Korshakov, its chief engineer; P. B. Lukianov, chief agronomist; J. W. Pincus of the American Trading Corporation, New York representative, and P. P. Wills of New York, secretary of the commission.

"In Russia the sugar industry is all one unit under the Sakharov, or sugar trust," Vice-President Nekrashevich said, through Wills, the interpreter. "It is controlled by the government, but operates as a corporation."

ENORMOUS PLANT
"It has an aggregate value of \$200,000,000, including land, and produces 200,000 tons of sugar annually. It is the largest sugar plant in the world, twenty-two distilleries, four phosphate fertilizer factories, maintain the best beet nurseries, cultivate 2,500,000 acres of beet-growing land and employ 110,000 persons regularly besides seasonal help."

"This year, the beet harvest has produced about 1,400,000 metric tons of sugar of which about 10 per cent will have been exported to the United States, Turkey, Afghanistan and elsewhere. We import very little sugar. "We are in America to study sugar manufacture. We have no particular trouble producing beet, but we employ European manufacturing methods, which are mostly by hand, and here in America we find great interest in labor-saving machines and methods which we will introduce into our industry."

WILL BUY MACHINERY
"We will make in America great quantities of machinery, sufficient to equip and build entire plants to suit our industry. They will be purchased in accordance with regular business principles, with more or less trade credit—the more credit the greater the purchases. Government relations, commercial, for example, will not enter into the negotiations for purchases."

"Our organization uses its profits in bonuses to its officers and employees, payment of taxes to the government, extension of business and equipment and for reserves. "We are here as men of industry and so have no discussion of government to others."

QUERY ANSWERED
"You are producing virtually all the sugar you need according to our country, and are proposing to increase production, you say," an interviewer pointed out. "Yes, we say that," they replied. "We are expanding with a view to having Russia supply and control the sugar trade in the Orient."

"In the United States," Vice-President Nekrashevich replied, "your per capita consumption is 150 pounds of sugar per annum, in Russia ours is 150 pounds. I leave it to you as to how far we must go to gain control of the Orient's supply. We do not have enough sugar for our own needs but we have to supply some of our near-by countries which have not even as much."

HONOR GIVEN MOREHOUSE BY BANKERS

Trust Company Official Cited by Bank Association as Distinguished American

For the first time in the history of the American Bankers' Association a member has been singled out from among his fellow members to receive a citation ranking him as a distinguished American.

The citation reads as follows: "Knowing the path of the world of the future, Mr. Morehouse, president of the American Bankers' Association, has been a leader in the field of banking, and his leadership has been a source of inspiration to the banking community. He has been a leader in the field of banking, and his leadership has been a source of inspiration to the banking community."

Russians Talk Business But Eschew Politics

Left to right—A. P. Korshakov, P. B. Lukianov, E. V. Nekrashevich and J. W. Pincus, Russian sugar experts, as they alighted from Union Pacific train.

STOLE WILSON'S PRAYER
Woodrow Wilson, while president of Princeton University, frequently conducted morning chapel service, and habitually used the general confession from the Episcopal book of common prayer. One Sunday the Rev. Floyd W. Tomkins of Philadelphia was the visiting preacher and naturally used the same prayer. One of the students nudged his neighbor and whispered: "By God, he's copied Woodrow's prayer, and he has it pretty close by heart, too." —[Forbes Magazine]

HEALTH DIET ADVICE
By Dr. Frank McCoy
Author of "The Food You Eat"

Dr. McCoy will discuss general questions on health and diet, and also in this, one of the Los Angeles Times, feature columns, editorial columns for each.

ASTHMA CURES
Considering that asthma is a symptom and not a disease, it is, of course, very foolish to continue to treat such symptoms with remedies without at least attempting to remove the probable cause.

As I explained in yesterday's article, there are only three principal causes of true asthma or bronchitis: 1. A defective diaphragm, 2. A defective diaphragm, 3. A defective diaphragm. These are the three principal causes of true asthma or bronchitis. The cure must come from removing these causes, and fully 100 per cent of all cases can be cured through properly regulated diet and exercise.

It is rather strange to consider that the pollen of flowers or the smell of horsehair or rabbit fur can in any way be a real cause of asthma. It is true, there may be many exciting or irritating causes of bronchial asthma, especially that caused by excessive mucus, but they all remain as local and minor causes of the throat and lungs cannot be affected by the irritation of pollen or the smell of horsehair or rabbit fur. The irritation of pollen or the smell of horsehair or rabbit fur is a local and minor cause of the throat and lungs cannot be affected by the irritation of pollen or the smell of horsehair or rabbit fur.

The suffering asthmatic is deluded and misled by the promises of cures of cures through the injection of serum and so-called protective agents made from various proteins, the pollen of flowers, and animal hair and excretions. Out of thousands of asthmatics examined, I have yet to find a single case where anyone has been benefited by such treatment. Generally, the contrary is true, and the patient is made worse by the addition to his blood of foreign substance not harmonious with the body's natural metabolism.

There is, perhaps, more cause for the continued use of opiates in the form of smoking powders, or for the patient using sedatives for relief. The asthmatic is justified in relieving his suffering in any way possible until he has learned how to remove the true cause of his trouble. However, when he is seriously attempting to cure his disorder by hygienic measures, all remedies which tend to interfere with the production of a permanent cure.

The asthmatic must entirely eliminate the opiates, and give up sedatives, at the start of a treatment with dieting and exercising. He often has to spend several days in a hard fight with symptoms, and there is considerable suffering from difficult breathing. But I have never known of a successful cure of asthma through trying to mix the drug and diet treatment.

This special warning is issued to those of my readers who wish to cure themselves of asthma, but who might make the mistake of trying to combine along the lines of their old treatment for relief, and at the same time use my new ideas regarding a cure of asthma through diet and exercise.

Tomorrow's article will contain instructions on how to begin the cure of asthma.

QUESTIONS AND ANSWERS
Question: W.R.B. writes: "I am a little near-sighted and look very funny in glasses. Could my eyes be cured any other way besides wearing glasses?"

Answer: Near-sightedness can be helped to some degree by improving the general health, and by taking the eye exercises. These exercises will strengthen the muscles of the eye sometimes enough so that you can go without glasses, even though your eye defect is not entirely corrected. It is advisable to wear glasses at least when reading as long as the near-sightedness continues.

Q: F.F.E. writes: "I receive a great deal of help through your dieting and exercising. I am wondering if you would advise eating dried figs, prunes, and fruit of that kind without being stewed?"

A: The dried fruits you mention can be used without cooking and are even more wholesome when stewed. Some of the fruits which are favored overnight in a small amount of water, and then eaten without being cooked.

Q: Mrs. Caroline E. writes: "Every time I turn my head to the left my neck aches. What causes it? Also, my arms at the elbows and legs at the knees become numb and ache if I do not keep them perfectly straight."

A: The numbness and ache in your neck, arms, and legs are caused by a defective diaphragm. The cure must come from removing these causes, and fully 100 per cent of all cases can be cured through properly regulated diet and exercise.

VETERANS IN MATRIMONY CELEBRATE

Twelve Couples Wedded Fifty Years Honored at Church Reception

Determined opposition, both by word and example, to the companionate and the trial-marriage discussion, was expressed and demonstrated last night at the fifty golden years' reception and entertainment given by the Women's Union of Temple Baptist Church to those affiliated with the church who have been married fifty years or more.

Twelve couples, who already have celebrated their fifty years of wedded life, one couple represented by the wife on account of her husband's illness and another couple unable to attend on account of sickness, are members of the congregation of Temple Church, and answered the golden-marriage roll when called by Rev. George Ellsworth Joy, minister of religious education, as the opening part of the reception program in Burdette Hall, where songs and music of fifty years ago formed the principal numbers of the program.

When the roll was announced "the following couples stood and received the plaudits of the gathering: Mr. and Mrs. J. P. Conway, 431 Oak Lane, South Pasadena; Mr. and Mrs. Robert H. Bishop, 2754 Santa Anita; Mr. and Mrs. B. L. Holden, 3308 Marquette street; Mr. and Mrs. John Karpas, 52 West Thirty-third; Mr. and Mrs. W. T. Atwater, 1856 West Forty-first; Rev. and Mrs. J. H. Sampson, 625 Kensington Road; Mr. and Mrs. W. W. Lewis, 4708 South Gramercy Place; Mr. and Mrs. T. H. Hawley, 3985 Mettler street; Mr. and Mrs. George Owens, 524 North Avenue; Mr. and Mrs. S. H. Grupe, 274 North Belmont street; Mr. and Mrs. W. L. Haxell, 1629 Camden Court, South Pasadena; Mr. and Mrs. J. F. Jackson, 1810 Third Avenue, Mrs. E. O. Crowell, 601 South Union Avenue, answered for herself and husband, who is ill and unable to attend. Sixteen other couples also present. Mr. and Mrs. J. W. Parker, 2317 Victoria Road, from completing the entire golden roll membership of the congregation at the reception.

Other couples who have spent more than fifty years in wedlock and who are admired with esteem in the community and were visiting guests of honor were Mr. and Mrs. L. W. Alar, 1249 Mansfield Avenue; Mr. and Mrs. O. W. Charlewell, and Mr. and Mrs. W. W. Lawrence.

CHILDREN OF CHAPLIN ENRICHED

Report to Court Shows Comedian's Sons Receive \$1000 Monthly Now

The first inventory of assets received showing that the two children of Charles Chaplin have received \$800 per month each for September, October and November, under the terms of the screen comedian's settlement with his divorced wife, Lita Grey Chaplin, was filed in Superior Court yesterday by Attorney Roland Rich Woolley, counsel for Mrs. Chaplin.

The sums, it is understood, accrue from the \$200,000 trust fund established for the children, Charles Spencer, Jr., and Sidney Marie, in addition to the approximate \$850,000 settlement Chaplin made with his wife after she filed a sensational divorce complaint.

CANADIANS TO GATHER
The Canadian Society of Southern California will hold a frolic and dance at the Hollywood Roof ballroom, 1549 Vine street, tomorrow evening. The guests of honor will be Miss Lorraine Fraser from Victoria, who will entertain with songs. Frank Carr's Canadian-American Orchestra will furnish the music.

STREET WIDENING ASKED
A petition asking for the widening of both roadways of Venice Boulevard to sixty feet with the exception of that portion lying within Culver City, was filed with the City Council yesterday and referred to the City Engineer and Street Opening and Widening Committee.

CHARLES OBETA, FATHER OF LOUIS ALLEN OBETA, THE HUSBAND, TESTIFIED

Witness testified against husband, sister testified against brother and father testified against daughter in the suit of Mrs. Obeta, 18 years of age, of Louisville, Ky., for annulment of her marriage in Columbia, Kan., to Louis Allen Obeta, 27, her stepfather, on the ground that he coerced her into the marriage in 1924 when she was but 13 and had no one to advise or help her.

Obeta, the defendant, who was not present in court, being represented by counsel, has an alimony suit for \$100,000 coming up in Superior Court December 3 against A. P. Christianson, wealthy Los Angeles man, 63. Obeta charged that Christianson influenced his wife to leave him.

Last Friday a suit for \$100,000 by Obeta against Christianson and Mrs. Dora E. Johnson, sister of Obeta, who is lined up against him, was dismissed in the Superior Court.

The suit for annulment was before Superior Judge Wilson yesterday. Mrs. Obeta testified that after her mother died in 1920 her stepfather took her around with him through the Ozarks in a wagon. Later, she said, she went to Kansas and he gave her the choice of being sent to a house of correction, a convent, or marrying him. She said she chose the latter after he had put her in a convent for one month. She said one John Short posed as her dead father in obtaining the marriage license.

A year after the marriage there was a child and the Obeta family moved to Los Angeles, where she was driven from her husband's home at the point of a gun, according to the testimony of Mrs. Obeta. She said Mrs. Dora E. Johnson, sister of Obeta, testified in support of her story.

Charles Obeta, father of Louis Allen Obeta, the husband, testified that his daughter-in-law lived happily with his son and declared his daughter's reputation for veracity was not good.

The trial was concluded last evening, and the case submitted on briefs.

Union Pacific Veteran Dies
James H. Cragin, 6018 Clarkson street, Maywood, one of the oldest employees of the Union Pacific system in point of service, and for the past twenty years general storekeeper of the Los Angeles and Salt Lake Railroad, died of heart disease yesterday afternoon. He left his office Saturday at noon, complaining, but had no thought of serious illness.

Mr. Cragin had been in the employ of the Union Pacific system for forty years, was born in Salinas, Pa., June 6, 1877. He entered the Union Pacific ranks at Oak, Neb., November, 1897. His son, Frank H. Cragin, is local storekeeper for the railroad.

Mr. Cragin leaves his widow and nine children. These are Mrs. Edna Cragin, Ernest, Raymond, Harold, Hal, Lester and Frank H. Cragin, all of Los Angeles. Funeral arrangements have not been completed.

Though she is past 101 years of age, Mrs. Lucy Hall of Mansfield, N. G., is an expert whist player.

SUIT SETS FAMILY AT ODDS

Testimony Conflicts in Case of Young Wife Asking Annulment of Marriage to Stepfather

Witness testified against husband, sister testified against brother and father testified against daughter in the suit of Mrs. Obeta, 18 years of age, of Louisville, Ky., for annulment of her marriage in Columbia, Kan., to Louis Allen Obeta, 27, her stepfather, on the ground that he coerced her into the marriage in 1924 when she was but 13 and had no one to advise or help her.
